

Week 6 Road Check Survey

Note: this is not used to determine any grade. Rather, it is a tool to assist you with developing skills in participating in seminars and other team-oriented discussions.

1. Think about the learning plan check in we did during week four and your midterm assessment with your mentor. How useful was this process to you?
2. What one comment or conversation really got you thinking today? (what intrigued you, or gave you a new perspective, or made you want to know more?)
3. Of all the required reading in this course (The Body Keeps the Score, The Human Services Internship: Surviving and Thriving in the Field Using an Equity Lens, and other readings) what amount would you say that you have read?
4. Anything you would like to expand on from your prior answers or anything at all you'd like me to know?
