Letters of Love

Clubs & Enrichments Category: Service & Leadership

Minnesota based Letters of Love (LOL) is a nonprofit organization founded by a young woman who is a local entrepreneur, Grace Berbig, in honor of her mother. Grace's mission is to support people in hospitals experiencing difficult times, and her organization has now become one that has multiple club chapters globally. At club meetings, members make emotional support items—specifically handmade cards—that are sent to patients in hospitals all over the world.
