

Parents and Confirmation Student Orientation at Colman Lutheran

Sept. 3, 2025

*Material to cover– Lord's Prayer, New Testament, and Apostles' Creed

*Classes will be on Wednesday from 6:30-7:30. This time is adaptable – any thoughts? I wasn't planning on a meal beforehand but could if people want to share in that effort and start at 6:00.

*Please fill out the confirmation registration, worship leadership, and parental help forms.

*You will be asked to be a worship assistant 2 times each month. You will be assigned as an acolyte (light/extinguish candles and help with communion) or video taper. If you can't make it, you need to swap with someone or find a replacement. There will be adults who will help/train you.

*On Sunday, September 7, Colman Lutheran is participating in what is called "God's Work, Our Hands". It is service project day that begins with a short worship at 9:00 and then people will divide into groups for service projects. I would like the confirmation kids to help deliver cookies to people in the neighborhood.

*On November 2 we are planning to have Sunday retreat on prayer at the church from 3:00- 6:30 filled with learning, games, and food. We will have kids here from Howard as well as other churches. It will include time in the gym at the school

*Faith Fest is Saturday, February 7 at Augustana is \$75. Colman Lutheran will pay for ½. You can pay \$32.50 for the Faith Fest at a later date. If the cost is prohibitive, let Pastor Dell know and we can make arrangements.

*Parents – We need help with other things. Please sign up for at least one on the sheet provided. It's part of sharing in the baptismal promises made at baptism. Sometimes I will have opportunities for parents to answer questions for their weekly assignments. I will send them home with confirmands as well as email them to you.

*If you cannot make it to class, text me. It's for accountability, safety, and respect.

*If you can't make it to a class, take your workbook home and complete the lesson assigned for that day and bring it back the next class.
