

Community Building BINGO

Directions: At your teacher's direction, begin gathering signatures or names from your classmates in order to score a BINGO. Once you have a BINGO, go for a blackout! Get as many blocks filled in as you can. You may not sign your own (until we finish), and you may not have the same person sign more than three boxes. Have fun, and get to know your classmates! It's okay if a discovery starts a conversation!

B	I	N	G	O
