Process for Monitoring Implementation: Describe how the LEA will ensure that the interventions it implements, including but not limited to the interventions implemented under Section 2001 (e) (1) of the ARP Act to address the academic impact of lost instruction time, will respond to the academic, social, emotional, and mental health needs of all students, and particularly those students disproportionately impacted by the COVID-19 pandemic, including students from low-income families, students of color, English learners, children with disabilities, students experiencing homelessness, children in foster care, and migratory students.

Description:

The district will implement out-of-school and summer learning programs that provide instruction to students based on all available data. All students will be welcome to attend programs, and students who were disproportionately impacted by COVID-19 or have fallen behind academically will be encouraged to attend. Small class sizes with peers and relaxed environments will aid in tending to social, emotional, and mental health needs. Counselors will be advised of students who need additional SEL support.

2.B. Process for Evaluating Implementation: Please describe how the LEA will evaluate the effectiveness of these interventions.

Evaluation:

The district will look at all available data to evaluate the effectiveness of interventions, including formative and summative data. Administrators will monitor implementation of SEL efforts via walk-throughs and conversations with students.
