

Grade 5&6 anti racism resource feedback

We're developing an anti racism resource for students in grade 5 and 6 across Australia. This will include an interactive web resource for students that will include educational materials, activities and learning milestones. Along with this, there will be some teaching resources for educators to support their students through the content in the online resource.

For more information please read the [Teacher Briefing Document](#) before submitting your interest in the project.

Deadline for registering your interest is 10am Tuesday 12th March.

If you have any questions email us at: info@huecolourtheconversation.com
