Weeks 40-42	May 13 – June 3 (0 recommended days; 12 allocated days)	Unit 9: Putting It All Together	RISE

Please administer unit assessments and enter data into MasteryConnect. Access the assessments through the 2025-2026 6th Grade Curriculum Map. Apply curriculum map updates when prompted in order to have the most current assessment version available. The Pacing Guide is organized so that all math standards will be addressed before the end of the school year. When planning, refer to the big ideas of the units rather than individual lessons. Speed up and slow down instruction when necessary to meet the needs of your students. Assessment dates are recommended but remain flexible. Work with your administrator to make grade-level adjustments as needed.
