

Privacy Policy for NeonQR

Last updated: February 17, 2026

NeonQR ("we", "our", or "us") is committed to protecting your privacy. This Privacy Policy explains how our application uses your device's camera.

Camera Usage Our application requires access to your device's camera solely for the purpose of scanning QR codes in real-time. The scanning process happens locally on your device.

Data Collection and Sharing We do **not** collect, store, save, or transmit any images or video data from your camera to external servers. The camera feed is processed momentarily to detect QR patterns and is immediately discarded. We do not share any personal data with third parties.
