

June 12, 2023

Dear Selection Committee,

I am writing to strongly recommend Mr. Jeremy Bennett for admittance to your graduate program. I have known Mr. Bennet for the past 4 years. I've watched him matriculate from a talented teacher to performing leadership roles like a veteran school administrator. In 2020, Edwards Educational Services along with the support of the Superintendent of Wayne County Public Schools, established an Aspiring Leaders Program to identify future candidates for administration.

Mr. Bennet was selected to participate in this program for potential administrators. One of the criteria was they had to be enrolled in a Masters Program for School Administration. The interesting and critical point is, Mr. Bennett was not enrolled in a post graduate program, but was still selected based on his work ethic, initiative, and overhaul willingness to do whatever was needed to support the administration, staff, and student body.

As an educational consultant, I work with administrators and teachers in several states. Mr. Bennett stands out as one of the most talented educators I have seen in my travels. Any time you step into his physical education classes, Pre-K-8th grade, you will find a detailed plan for the day as well as specific skills for the students based on their ability levels. Jeremy has always executed his responsibilities in the most professional manner and yet he has shown great compassion and concern for students, parents, staff, and community.

I am more than excited that he has chosen this path in education. He has the right skills and passion for developing young people as well as leading adults.

If you would like to discuss this letter of recommendation or any other topic regarding Mr. Jeremy Bennett, please contact me. I can be reached at 757-570-9562.

I thank you for your consideration of my recommendation for Mr. Jeremy Bennett for admittance into your graduate program.

Sincerely,

Michael W. Evans, Sr.
Retired Educator/Consultant
