This is where you should write your abstract, using 10 pt Times New Roman font and 1.5 paragraph spacing. The abstract should give an overview of what you plan to discuss in your presentation, including introducing 1) the problem or situation, 2) your methods or approach, 3) your results or the outcome of the project, and 4) conclusions and impact of the project. Remember to keep your abstract less than 500 words. Thank you and we can't wait to see your presentation!
