

*Science is best advanced when there is mutual trust, based upon honest behavior, throughout the community. The ISCB Board of Directors invites you to review the newly drafted ISCB Code of Conduct and Expected Behavior policies which have been developed to ensure that ISCB is a community where mutual trust and honest behavior is present at all times. This open comment period will be available until Nov. 24, 2018. Once the comment period closes, all of the feedback provided by our members will be reviewed by a small committee to make potential changes to the policies. A final version of the policies will be vetted and approved by the ISCB Board of Directors prior to implementation.*

*You may view the policies [sic] here:*
