

COMMISSIONS INFO

I usually draw original characters (OC's) so I need a reference sheet or something replacing it (text description, photos, your sketches). I can make art with anthro and feral animals, humans.

If you take a commission slot, I can start to do it in about 3-4 months (for the portraits). The deadline can be negotiated individually. *In the current situation in the world the work on commissions may be delayed. I hope for your understanding!*

The rest of the details you can find in my [☰ TERMS OF SERVICE](#) .

~~Patreon~~ **Boosty** benefits:

- You get a 10% discount for all of the commission slots.
- I raffle sketches among subscribers. Just subscribe with any tier and send me your character reference :)

At the moment I work only on full prepayment

Extra character: +80%

CLEAN ART ONLY

~~Payment via PayPal (send me your address and I will send an invoice)~~

Payment via Boosty (Patreon analog). PayPal doesn't work in my country at the moment

Why do you see invoice in RUB? I send invoices in RUB because this is a tax requirement in my country. I count the amount at the current exchange rate and send an invoice. Also don't forget about fees so the amount you paid may be different from the amount I invoiced.
