"Forby Series - #8 Blender 3D for Beginners"

In this iteration of the ForBy Series, the IEEE Student Branch of Sri Sairam Institute of Technology, hosted a session titled "Blender: 3D For Beginners", on Tuesday, 14th February 2023, for the student members to learn about 3D Creation and Modelling. The guest speaker for this event was Shylasharoshinraj M Y, a 3rd Year Student of the Computer Science Department of Sri Sairam Institute of Technology. The event started with a welcome address from Dr Saritha G, the IEEE SIT SB Counselor, following which the speaker proceeded with an introduction to 3D Modelling, it's advantages. Then, he demonstrated the creation of a 3D Model of a Tree on Blender, the free, open source 3D creation software. The attendees actively participated, asked questions on it's usage, and the speaker discussed some tips and tricks that the beginners can use to improve their skillset and learn it efficiently. This was followed by a vote of thanks, by the IEEE SB SIT Vice-Chairman Karthik Maharaja A V, and the event was concluded on a good note.

"IEEE Awareness Talk"

As we enter the new year, technology and engineering have been growing at a rapid rate, and with that comes the dire need for one to be constantly updated with the advancements. The IEEE Student Branch of Sri Sairam Institute of Technology organized the IEEE Awareness Talk in an effort to spread awareness on IEEE, it's significance in the field of engineering and technology and how students, professionals can use this platform to advance their career. The guest speaker for this event was Mr Mithresh G P, a member of the IEEE Membership Development Committee and the IEEE Madras Section. The meeting started at 6:30pm, with a welcome address from Dr Saritha G, the IEEE SIT SB Counselor and Vinish S, the IEEE SB SIT Chairman. The speaker was presented with a memento to honor his presence, and thus began the meeting. Afterwards, the speaker discussed about IEEE, narrated it's history, the various societies that one could enroll in, the awards and the benefits that come with the membership. The attendees actively participated and asked doubts each step of the way. This proceeded with a vote of thanks from Karthik Maharaja A V, the IEEE SB SIT Vice-Chairman and a feedback form was circulated.

"Triogens"

On account of celebrating the 75th Transistor Anniversary, Students of IEEE EDS of Sri Sai Ram Institute of Technology organized the Triogens event. The day was commemorated with Welcome address by Dr. Pachchaiammal @ Priya, HoD of CCE, proceeded by the speech by The Guest of Honor, Dr. Brindha S M.E, Ph.D., Chair-SAC, IEEE Madras Section, Professor/ECE – Sri Sairam Engineering College, where the students gained how IEEE works as a professional society and rewards that are available. This was followed by a seminar on IoT by Porkodi Andal R, CCE-III then by a workshop on SCILAB by Deepthya Sri S, CCE-III and a Circuit design competition by Karthik B and Uthirasree M, CCE-III. The Vote of Thanks was given by Dr. Saritha G, IEEE Advisor of Sri Sai Ram Institute of Technology.

"Forby Series – #9 Design Principles for Presentation"

On the 27th of February the IEEE Student branch of Sri Sairam Institute of technology organized the "FORBY Series" event on "Design Principles for Presentation". The event took place in online mode at around 7.30p.m to 8.30 p.m. The event was coordinated by the IEEE SB Counsellor Dr.G.Saritha. The event was held by L.NANDINI of 2nd year IT department. The started with some interesting facts and information about the do's and don'ts while presenting a paper. The speaker added on with the procedure and format of a presentation and also about what are the subheadings and titles that are necessary. The speaker also shared about the features available for the designing of a presentation. On the whole the event was interesting and useful for the students as it would help them in preparing some excellent works in their future.

“Celebrating National Science Day at Anna University CEG Campus”

On the account of National Science Day ,Anna University CEG campus conducted an project expo with various school and college students on 28th February and 1st march of 2023.We Student Branch members along with the IEEE Student Branch Counselor, Dr.G.Saritha attended this project expo and gained knowledge about various technologies and domains. There were total of 30 members attended this event on 28th February 2023 between 1.00 pm to 4.00pm.This expo was very fantastic and even the school students projects was amazing .In this expo, various IIT,MIT college students of al over Tamil Nadu, showcased their projects.

“National Science Day Quiz”

On the account of National Science Day,the IEEE Broadcast Technology Society of Sri Sairam Institute Of Technology organized an event “ National Science Day Quiz” on 28th February 2023 between 7.30 to 8.30 pm.This event was conducted by the Society members, Jayavardhini S of Third year ECE and Siva Prasad of Third year ECE. An mentimeter code is shared and then the participants are joined in it. Then the participants received their participant certificates and also the winners are announced. Then the vote of thanks was delivered by Dr.G.Saritha, Broadcast Technology Society Advisor and also IEEE Counselor. She talked about IEEE opportunities and also encouraged the

students to put memberships.

The poster is for a National Science Day Quiz held on February 28, 2023. It is presented by the Broadcast Technology Society (BTS) at SAI RAM Institute of Technology. The event is coordinated by Jayavardhini S and Siva Prasad S. The poster includes a QR code for registration and lists the event coordinators and their roles.
