

Laudato Si' 10th Anniversary film PRODUCTION

We'd love your help!

Caritas is producing a short film for the 10th Anniversary of Laudato Si' about how schools, parishes and religious orders have come to care for our common home here in Australia. We all have a responsibility and you are empowered to make a difference.

We want to see how schools, parishes and religious communities around Australia are caring for our common home. If you are able to contribute a short amount of footage using either a mobile or tablet, we would love to add it to our short film.

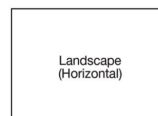

If you already have footage that you can share, please use the dropbox link below to upload your footage and complete the attached media permissions form.

If you would like to film something, below is a list of some ways you can show us how you have lived our Laudato Si' in the last 10 years.

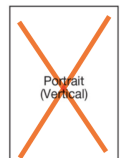

IMPORTANT notes before you start filming:

- If you are or your students are under 18, make sure parent/guardian permission is sought and the attached documentation has been signed.
- Plan 4-6 shots of activities or initiatives that tell a mini story of how you have lived out Laudato Si'. (Don't try to tell the story in one shot.)
- Each shot should be at least 5-10 seconds long but no more than 20 seconds each.
- Keep the camera as still as possible or moving very slowly.
- Sound/Audio is welcome, however it is not essential to include.

- Hold your phone / tablet horizontally when you film.
- You could set up the camera and move in front of it or get a friend to film you, rather than holding phone / filming at the same time. (Looks more professional!)

NOT vertical.

To transfer the footage to us:

From your laptop or directly from your phone, just open this link:

<https://www.dropbox.com/request/4U2RCofava9YKPVEMwgl>

Make sure you can see that the transfer is complete before walking away. It's pretty quick.

Please ensure all media permission forms are signed and emailed to catholicearthcare@caritas.org.au

Please make it clear in both your media permission submission and your footage submission where your footage is coming from (e.g. name, school, parish or community).

Examples of Activities to film:

Activity	Example shots for each activity:
Environmental (Rubbish) duty	<ol style="list-style-type: none"> 1. Before shot of environment (eg front yard, footpath or your local park, etc) 2. Putting on gloves / picking up tongs 3. Picking up bits of rubbish 4. Close up of 'letting it drop' into the bin/bucket 5. Empty bucket of rubbish into your council rubbish bin or bin at the park 6. Smile to camera - job well done!
Solar power	<ol style="list-style-type: none"> 1. Show the solar panels on your roof and the sun shining onto them 2. Show electrical appliances being used in your house - turning on the TV using the remote, plug in your phone and turn on the power switch, turning on the light switch. 3. Smile to camera.
Recycling or composting	<ol style="list-style-type: none"> 1. Finish your can of drink, tub of ice-cream, empty the cardboard box 2. Empty any excess / wash container etc (if applicable) 3. Crush the box, add to the stack of paper or add container to the recycling container inside your house 4. Take the whole stack or container to the recycling bin outside and empty it into the bin 5. Wheel the recycling bin onto the footpath (even if it's not rubbish day - just pretend!) 6. Smile to camera - job well done! <p>OR</p> <ol style="list-style-type: none"> 1. Finish a piece of fruit, or show a chopping board with cut vegies 2. Put food scraps into compost container in kitchen 3. Take compost container outside to compost bin / worms 4. Empty container / close bin 5. Smile to camera!
Riding your bike / scooter	<ol style="list-style-type: none"> 1. Put on your shoes / helmet 2. Get out your bike or scooter from where it's stored or unlock it 3. Film you as you ride / scoot off down the street 4. Close up of your feet as you ride/take off 5. Smile to camera as you ride / scoot past
Planting, landcaring, weeding and gardening	<ol style="list-style-type: none"> 1. Put on your gardening gloves 2. Start to dig the hole 3. Sprinkle in some fertiliser 4. Loosen the dirt / place your plant / cover with soil / pat down 5. Water your plant and smile to camera - job well done! <p>OR</p> <ol style="list-style-type: none"> 1. Show us all the leaves on the footpath 2. Walk to the footpath with the broom / Start sweeping 3. Collect the leaves and put them into the compost or the green bin 4. Show us your cleared footpath and smile - job well done! <p>Other possible activities: Weeding, trimming tree, etc</p>
Use less fossil fuels	<ol style="list-style-type: none"> 1. Drop car keys back on the table. 2. Put on your shoes / pull on your backpack 3. Walk out the door, let it close behind you. 4. Walk down the street and smile to camera! 5. Show your happy dog if you're walking with your dog. 5. Close up of your walking feet <p>OR</p> <ol style="list-style-type: none"> 1. Close up up of you turning down your heating 2. Pull on a jumper / put on socks or ugg boots 3. Smile!
