METHODOLOGY OF STUDY

Describe the research design, participants, instruments, procedures, and data analysis methods.

It must be written clearly so that the research can be replicated..

RESULT AND DISCUSSION Subheading 1

The research results and discussion should be presented clearly. Tables, figures/graphs, or photographs may be included to enhance the clarity of the findings. The discussion constitutes the most critical part of the paper. It is recommended that the explanation not only describes the data or research findings, but also provides an interpretation of the overall results, a comparison with previous relevant studies, and answers to the research problems addressed.

Figures. Figures need to be inserted separately as a .jpg or .png file and must be referred to in the text, for an example see **Figure 1.** [1] Figure descriptions should be placed below the figure and written in Times New Roman, 10pt

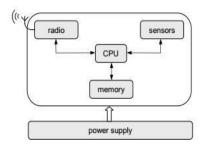

Fig. 1. Architecture of a typical wireless sensor node.

Tables. All included tables must be referred to in the main text and the table title and caption are to be

positioned above the table. The captions need to be written in Times New Roman, 10pt. Table captions should always be positioned *above* the tables.
