

World Map Gadget - (from revolver maps 3D - to be done on each blog)

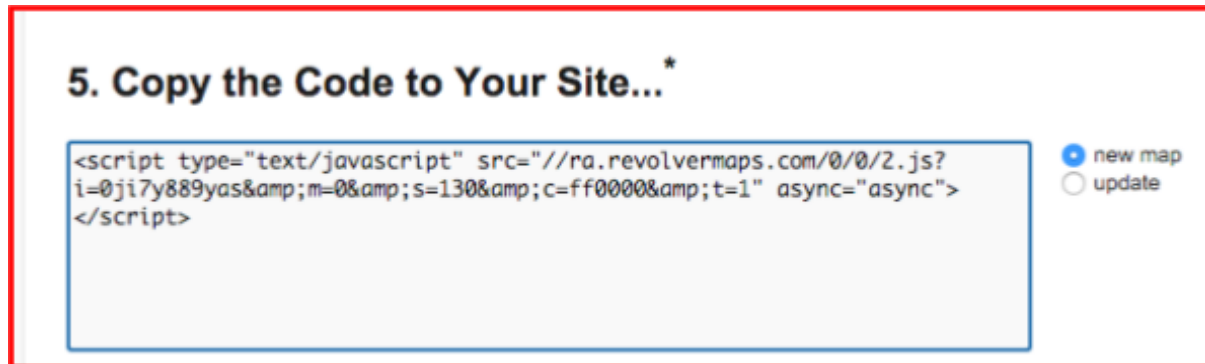

Follow the steps below

(A) Visit

<https://www.revolvermaps.com/?target=setupmini>

(B) Find the html code to copy and paste into the World Map Gadget

See screenshot below where it *references copy the code to your site*.

Paste the code into the widget ([Top Left Sidebar](#)) . It will look something like this

```
<script type="text/javascript"
src="//ra.revolvermaps.com/0/0/2.js?i=onkgbpel6bw&m=8&s=130&c=ff0000&t=1"
async="async"></script>
```

If you are creating more than one blog you will need to refresh the page <https://www.revolvermaps.com/?target=setupmini> to generate new code for each new blog you create.
