

BridgeHacks Requirements and Code of Conduct

Requirements:

- Be a current middle schooler or high schooler.
- Must be registered online by the day of the hackathon.
- You and a parent must agree to the terms on the registration form.

Code of Conduct:

- Maintain the integrity of this hackathon as a competition:
 - Do not cheat or plagiarize off of another team's project or a copyrighted product, project, or service that already exists.
 - Anything you use that you did not make yourself must be open-source or free to use and share.
 - The project that you (and your team) work on can only be started when the hackathon starts. Do not start on it ahead of time or come with a completed project.
 - Everyone should have an equal opportunity to compete in the hackathon. Do not limit another participant's opportunity or ability to compete in any way.
- Please behave in a responsible and respectful manner. We will not accept any form of harassment, abuse, segregation, racism, sexism, bullying, etc.

Failure to meet the requirements or comply with the code of conduct will result in disqualification from the competition.
