

### Ghost Chess Set

(from "Mundane Magica - & Magazine Issue 5 Supplement". Addendum by DM Superelf.)

A chess set or other game set. This item plays against a person, moving the pieces magically. It gives a difficult but not truly expert game.

Note: Rules for Chess games in AD&D are given in Dragon #70, "The Game Within A Game". The table's Chess Modifier is 41.

(DM Superelf Note: This chess set is a better version of the [Magical Chess Set](#).)
