Verify roster

Players

+ Add

Tap "Add" to add pick-up/playing-up players to your roster for this game. Check the box to assign them as an **"Affiliate Player"**

☐	Player	Position
☐	Lauren Andrews	N/A

Edit player details with this button. You can make a field player a "Goaltender" for a game by editing in this way. The position will revert after the game.

Goaltender

No goalies checked in

You must select a goalie to check-in your roster. Only players with the position **"Goaltender"** will work. "G", "Goalie", or "GK" will not work. An Affiliate Player **can** be a goalie. Please add them as a player first, and make sure their position is entered correctly.

Jersey numbers only need to be correct in Premier, but if you have them, please enter the right number.

If you're playing with 11 field players, make a fake Substitute Player with an identifiable fake name (e.g., No Goalie Dressed), mark their position as "Goalkeeper", and select them to be your goalie.

If a field player is playing as goalie to fill in, make a fake goalie profile for them as a Substitute Player, following the same steps.

When complete, click here to verify your.

HOME TEAMS are responsible for managing the gamesheet.

They will need input from a representative of the opposing team, so you must meet and complete the gamesheet together.

If needed, the away team has equal ability to manage the gamesheet.

Click here to retrieve the Scorekeeper Access Code that will allow you to edit the digital gamesheet.

Scorekeeper Access Code

Vancouver Womens Field Hockey Association is using TeamLinkt's gamesheets, use this access code to allow a scorekeeper to keep score for the game. Use this access code at games.teamlinkt.com.

Copy code to send to a scorekeeper.

Tap here to copy the code to your device's clipboard. You can send this code to anyone; it will give them access to the gamesheet on the website.

Gamesheets are found on the website. You can go directly there by tapping here

or by going to this URL.

Open a browser and go to
<https://games.teamlinkt.com/>

Digital Gamesheet

Enter Your Game ID#

Enter the Scorekeeper Access
Code you copied from the app.

SUBMIT

Note: Your Game ID# is available in the event details
of the TeamLinkt App.

A better way to manage sports.

The Scorekeeper Access Code enables many people to access and edit the gamesheet, but **edits cannot be made on two devices simultaneously.**

If you get this notification when entering the access code, **find out who else is editing the gamesheet and have one person log out of it prior to managing the game.**

It is best practice to work together with the other team to ensure all data is entered correctly by the appropriate person throughout the game. For example, **you may not verify the other team's roster.** It prompts to select an individual and for a signature; do not forge another's signature or sign for the other team.

This menu will appear when you tap “+” to add a penalty. Use it to record cards received.

Enter the card details here.

Green Card = Minor

Yellow Card = Double Minor

Red Card = Major

These are ice hockey terms, so you can enter “Game misconduct” for all penalties. Enter the correct number of penalty minutes awarded.

Tap the player that received the card from this list. Swipe left/right to scroll. If the card was awarded to a coach or a fan, add the player that served the penalty.

You do not need to complete these fields (period and time).

SAVE

This is what a completed penalty entry may look like.

For this penalty, I received a 2 minute green card for hacking.

I selected "Minor" to show it was a green card.

I selected "slashing" as that was the best match for hacking. "Game misconduct" is an appropriate choice for all penalties.

I entered the correct duration of the penalty, which was 2 minutes.

When finished, tap "SAVE"

Scroll (swipe over) to the right to view these buttons. Use them to edit or delete a penalty.
