

Peter Leong

Email: contact1@freshcode.biz
Address: Vancouver BC, Canada

KEY SKILLS / EXPERIENCE

Technology

Languages	C#, Typescript, Java, Javascript, Powershell, Scala, SQL (Kotlin, Bash)
.NET Core	OpenAPI, ASP, Entity Framework, AutoMapper, Dependency Injection, Moq, AutoMock, Newtonsoft, Nuke
RDBMS	MS SQL Server, Postgres, Derby, SQLite, H2
NoSQL	Cosmos DB, EventStore, MongoDB
Azure	Service Bus, Service Fabric, DevOps, Storage, Cosmos DB, Key Vault, Functions, Batch, VMs, AKS, CLI, App Insights
AWS	CLI, CodePipeline, CodeCommit, Beanstalk, EC2, RDS, Route53, S3
Other	Docker, Kubernetes, Auth0, React, Redux, Twilio, Git, Figma

Architecture

Client/Server
CQRS/ES, Event Sourcing
Dependency Injection, DI
iDesign Method (by Juval Lowy)
Object-oriented Prog'g, OOP
Representational State Transfer, REST
Service-oriented Architecture, SOA

Methodology

Agile, SCRUM
Continuous Integration, CI
Extreme Prog'g, XP
Iterative Dev
Test Driven Dev, TDD
Waterfall

Design

Domain modelling
Design Patterns
Domain Driven Design, DDD
Event storming/modelling
Functional Prog'g, FP
User interface & experience (UI/UX)
Reusable software dev

Other

Advanced abstract reasoning
& design skills
Great interpersonal
& communication skills
Team-focused & easy to work with
Mentoring of junior developers

EDUCATION

- Dual bachelor's degrees in Electronic Engineering & Computer Systems IT -
Queensland University of Technology, Australia
