

Dear Chairwomen and Chapter Leaders,

There is an option for any WFWP chapter that would be interested in creating a WFWP email under our WFWP USA Google Suite account. The email addresses would end in wfwp.us and are hosted by Google, so you would sign in via Gmail, just like having an email address that ends in gmail.com. We are providing this option for our chapters to help with communication, organization and connecting with your team seamlessly - all free.

If you are interested, feel free to sign up by filling out and submitting the form down below, although it is not mandatory.

After submitting the form, the primary contact person who would oversee the chapter's email account will be sent separate instructions on how to set up her chapter email when you first log in.

Let us know if you have any questions.

Thank you!

WFWP USA
