(10 people max per session)

Per client preference, all sessions can be completed with an oracle card reading.

What is Reiki?

Reiki is a gentle healing practice that channels universal life force energy, the same energy that flows through all living things.

Through light touch or hovering hands, this energy is guided through the body's chakra systems to restore balance, release what no longer serves you, and invite in peace.

Many experience warmth, tingling, or emotional release, while others simply drift into a deep sense of rest. Reiki opens space for stillness, renewal, and alignment between body, mind, and

spirit.
