

Business Analyst

We, **Interexy**, specialize in mobile application development for tech startups and established enterprises in the US and Western Europe. Our projects are not tied to one area, so there is an opportunity to work with cool products in Fintech, Game, Health, Social Media, etc.

Our team is actively growing and now we are looking for a **Business Analyst**. We are looking for someone who understands the mobile app development cycle, wants to influence product development and customer value, has the skills to gather requirements and create project documentation, and likes to pay attention to important details.

Is that what you are? Then let's get acquainted...

What you'll need to do:

- collection, formalization, and negotiation of requirements;
- communication with customers (U.S. and Western European markets);
- description of project requirements in the form of user stories and acceptance criteria;
- participation in the presales process;
- project support and communication with the project team;
- project requirements gathering and management;
- experience in gathering requirements and creating project documentation;
- analysis of efficiency and development of proposals for process optimization.

What is important to us:

- English language level in written & verbal forms (B2+ preferred);
- experience in business analysis 2+ years;
- experience in the presales process;
- experience with the crypto industry will be an advantage;
- understanding of the product approach;
- experience with mobile applications and web applications;
- experience in gathering requirements and creating project documentation;
- the ability to articulate your thoughts clearly;

- resistance to stress and readiness for a high pace of work;
- initiative, independence, attention to detail;
- problem-solving skills and analytical skills.

What we offer:

From the 1st working day:

- 12th month pay policy;
- online/offline literature compensation;
- B-day gifts;
- corporate events;
- cash benefits for significant events in life.

After passing the probation period (+ benefits from the 1st working day):

- medical insurance (including dental services);
- 25 vacation days;
- 3 days off;
- corporate English;
- compensation of educational courses online/offline;
- sports compensation;
- relocation assistance;
- corporate gifts.
