

# Religious Freedom Week Toolkit

January 12-16, 2026

## What is Religious Freedom Week?

Religious Freedom Week celebrates the principles enshrined in the First Amendment: that all Americans have the fundamental right to practice their own faith and maintain their own personal beliefs without government interference. This week culminates in the celebration of Religious Freedom Day, held annually on January 16, to celebrate the enactment of the Virginia Statute for Religious Freedom which became the basis for religious freedom in the First Amendment of the U.S. Constitution.

**During this week, we're calling on people of faith, faith leaders, elected officials, and partner organizations to join us in taking action to protect our First Amendment rights.** Each day, we'll focus on lifting up unique voices as we advocate for policies that uphold both true religious freedom and reproductive freedom for all of us.

Our goal: to get [500 people to pledge](#) to honor true religious freedom and protect reproductive freedom for all of us.

### **SUGGESTED HEADLINE: Freedom and Faith Go Hand in Hand. BYLINE**

Dignity. Autonomy. Compassion. Conscience. [OPTIONAL: ADD OR SWAP IN OTHER VALUES THAT RESONATE WITH YOU OR YOUR FAITH TRADITION.] These are values that guide my life as a person of faith—and why I am part of the faithful majority that supports reproductive freedom.

My faith calls me to [1–2 SENTENCES ON HOW YOUR FAITH, VALUES, OR RELIGIOUS TEACHINGS SUPPORT MORAL AGENCY, COMPASSION, AND REPRODUCTIVE FREEDOM]. That is why I reject the idea that one narrow religious view should be imposed on everyone through law.

I am not alone. People of faith across traditions are speaking up because politicians have weaponized religion to restrict abortion, threaten access to birth control and IVF, and undermine both healthcare and religious freedom. These policies are not about faith; they are about control.

We see the harm every day. [OPTIONAL: ADD A BRIEF LOCAL EXAMPLE, PERSONAL STORY, OR COMMUNITY IMPACT — 1–2 SENTENCES MAX.] When people are denied abortion care, the consequences are real: increased health risks, economic instability, and long-term harm to families.

This is not what true religious freedom looks like. Religious freedom means the right to practice one's faith, or no faith, without government interference. It means trusting individuals to make deeply personal decisions guided by their own conscience.

As a [FAITH TRADITION] person of faith and a [CITY/STATE] resident, I call on my elected leaders to protect both reproductive freedom and religious freedom. These values are not in conflict, they are deeply connected. The faithful majority is here, and we will not be silent.

Sincerely,

[NAME]
