

Dear [name of person],

Christmas is the time of get together and making merry with each other. This beautiful occasion gives us an opportunity to enjoy with our family members, relatives and friends and also make new friends.

I am writing this letter to wish you Merry Christmas and remind you that you are bosom friend of my heart.

You have been always at my side whenever I had needed your help. I will never forget the time when my father passed away. You stood by me and my mother and my younger siblings and assisted in fulfilling the funeral formalities.

I am thankful for the support you gave me during the time of joblessness after the death of my father. I had lost all patience as I was facing rejection from every end. But you took me under your care and always motivated me and financially helped my family at that point of time.

I could not have asked for more, you have been the best gift sent from God. It's been now so many years we are far away from each other and not getting a moment to meet each other.

I would be really grateful if you come to my place during Christmas. As you know that my younger siblings are also well settled now, they will be coming to my place to celebrate Christmas with my wife, children and mother.

There will be party organized inside my house and I would like you to come during the Christmas and be with us for the entire day.

I am sharing love, joy and happiness with family members of yours. I am also sending a gift box for you. You will surely love the things packed inside the gift box. It is nothing but an expression of love.

I am really lucky to get a dedicated friend like you. I pray to God for your good health, success and prosperity in your family.

Wish You Merry Christmas and Happy New Year

With Regards and Love

From
