

## World War I

### Verse 1

Many generations being destroyed  
Loss of humanity, soldiers deployed  
Heavy taxation beyond reclamation  
Where is the peace, we're (we were)  
Looking for?

### Chorus

Oh what can come out of this?  
Nations are weakening, devastation surrounds  
"Out of evil comes(th) good"  
But as for now all I see is harm

### Verse 2

Many of the children degraded in this time  
And we can't forget what they did to the wives  
The demolition of the irreplaceable  
Will forever take hold  
In our history

### Chorus

Oh what can come out of this?  
Nations are weakening, devastation surrounds  
"Out of evil comes(th) good"  
But as for now all I see is harm

### Hook/Bridge

To the depths of the trenches, wanting victory  
Crossing "no man's land" and foreign territories  
To the famine and strife of so many people  
And the millions and millions who have died

### Hook/Bridge

To the depths of the trenches, wanting victory  
Crossing "no man's land" and foreign territories  
To the famine and strife of so many people

And the millions and millions who have died

**Repeat Chorus**
