Please add the following text to your syllabus to inform your students about library assistance that is available.

Library Research and Technology Help

The EMU Library offers support for finding, evaluating, and using information sources for research papers and projects.

Use the *Library Guides* link in Canvas to locate **library research guides** for your assignments or subject area. **Self-service help** on using the library, research basics, plagiarism, and citing sources can be found at <http://www.emich.edu/library/help/index.php>

For **one-to-one research help**, visit the Library, call the Information Desk (734-487-2445), or make an appointment with a subject specialist librarian. Subject specialist librarians, assigned to each EMU department, can give you expert advice on your research. You can also **consult a librarian online** via the 24/7 *Ask-A-Librarian* chat service – <http://www.emich.edu/library/help/ask.php>

The **Academic Projects Center** (first floor of Halle – <http://www.emich.edu/apc/>), offers drop-in help with research, writing, and technology. You can get help with brainstorming, finding sources, structuring an essay, or putting together a presentation using PowerPoint or Emich Google Apps. The APC is staffed by Library faculty as well as by writing and technology consultants.

For more information on our instructional services, or to schedule a session for your courses, contact your subject specialist librarian, or:
