

O.H. Anderson (OHA) Elementary School e-Learning Plan

OHA will use e-Learning days during the school year during emergency weather closings. We intend to use e-Learning days immediately with our first emergency weather closing. Specific information about e-Learning Day plans can be found below.

About e-Learning Days

- ☐ e-Learning Days allow our students to work from home, avoiding potentially dangerous commutes, and allow them to work in a safe, warm environment when the weather is unforgiving.
- ☐ e-Learning Days are intended to counter the loss of curriculum momentum resulting from school cancellations due to Minnesota's winter weather.
- ☐ e-Learning Days cannot replace the face-to-face time students have with their teachers, but it can continue learning.
- ☐ e-Learning Days can also negate the need for makeup school days during breaks or in June, helping families more effectively plan summer activities.

Announcing e-Learning Days (ELD)

- ☐ Families of students will receive an email notification from the school/ district of the impending ELD, along with our typical announcements regarding inclement weather days.
- ☐ Families will also receive directions on how to access the e-Learning Day plan via Google Classroom from their homeroom teacher.

O.H. Anderson e-Learning Day Plan

- ☐ All learning activities will be posted on Google Classroom by 9am. A short welcome video will be available from the teachers sharing expectations for the day.
- ☐ Teachers will be available to support students as needed through Google Classroom Messaging.
- ☐ Specialist teachers will post assignments and these are optional.
- ☐ Accommodations will be made for students with special needs and for students who do not have access to the internet.
- ☐ If your child is sick or unable to complete the e-Learning plan, please enter the absence in [Infinite Campus](#) or call the office at 651-407-2300 by 9:30 AM on the day of the absence. Attendance is taken by the end of the learning day.
