December 14, 2022

Dear Parents of Half-day Kindergarten Students,

Beginning Jan 2, 2023, we will be making changes to the bus route returning students home. The route will be driven in reverse order, so the students who have been dropped off last will now be dropped off first, and the students who have been dropped off first will now be dropped off last.

I will be leaving Coronado school at the regular time (which varies between 11:20-11:25) and I am typically finished with my route between 11:50 and 12:15, depending on how many students ride that day. *Please note: Friday times vary but are typically earlier, please be prepared for your child to arrive earlier on Fridays, as that route is always finished before 12:00.

The rules for student drop off will remain the same; there MUST be someone present to receive the student off the bus, unless we have written permission to leave the student without physically seeing a parent or caregiver. The driver will honk two times and wait one minute before resuming route. If no one is present to receive the student, the student will be returned to Coronado Elementary School at the end of the bus route.

It has been a pleasure driving your children, and I wish you a Merry Christmas and a Happy New Year.

Sincerely,

Jennifer A Archibald

Maintenance/Grounds/Transportation Secretary
