Often the best and easiest way to decorate your living room is by restyling the items that you already own. But, here are a few *budget friendly interior design* ideas for your living room that you'll adore -

1. Cost-efficient Electrical Wiring

Your home's electrical system is one of the most important aspects of its overall safety and functionality. It's responsible for providing power to all of your appliances, lights, and other electronic devices.

Effective *electrical wiring for home* requires careful planning to minimize the amount of wire used. Keep switches and outlets close to minimize wiring cost. If budget permits, use concealed conduits and cable trays to hide wires. This gives your walls and ceiling a neater appearance.

Apart from wires and plug points, switches also enhance your *living room wall design*. Purchase [switches](#) from reputable companies even if you want them under your budget. Because they become a long-term bet for your **living room interior**. L&T, Greatwhite, and Schneider, among other companies, have a variety of series, ranging from budget-friendly to high-end.

You can find several plug points and switches available in different finishes, such as -

- **Wooden finish** - Wooden finish switches and plugs that can be stained and painted can match your decor.
- **Glass finish** - They have a sophisticated, glossy appearance that creates an elegant atmosphere.
- **Metallic finish** - Metallic switches and plugs can range from finishes such as bronze, copper, etc.

***Note** - Metallic switches and plugs are plastics with a metal finish.*

2. Upgrade Your Ceiling With Budget-friendly Materials

If you are looking for **interior design ideas for a living room** on a budget - a perfect ceiling can do wonders.

A simple *living room false ceiling design* is one of the keys to making your **living room interior design** pop up and look beautiful. Consider the ceiling space, overall room layout, and height when envisioning a false ceiling.

Gypsum and POP are the two most popular materials for *living room false ceiling design* - that can enhance your **living room design**.

[Gypsums](#) are expensive but durable, however, POP is less durable but comes at a cheaper price.

Note - *A good quality false ceiling can block the amount of sun heat that enters the room.*

3. Include Some Basic Lighting That Illuminates Important Areas

Image Credit - Pinterest (<https://in.pinterest.com/pin/698691329700344505/>)

If you are thinking of adding some *living room lights*, opt for a [central light fixture](#), such as a budget-friendly chandelier or pendant light, to provide the overall illumination for your living room.

Mixing and matching sizes and patterns of affordable light fixtures is a great **interior design idea for living rooms**. You can use recessed lights, track lights, or wall sconces to create a dramatic effect and highlight artwork in your living room. Choose them from online

platforms like Amazon. You will find multiple money-saving *living room light* options in all of them.

If you have some extra money to spend, consider using task lighting to illuminate specific areas of your living room, such as the reading nook

or the TV area. Choose lamps with adjustable arms so that you can direct the light where you need it.

This minimal lighting helps create a cozy, lit-up environment and is one of the best **interior design ideas for a living room**.

Note - Selection of simple but efficient living room lights from brands that give at least 2-5 years warranty to choose from. Also, lighting for the living room can have light fixtures with 3 types of different basic [mood lights](#) that are warm white, neutral white, and white.

4. Rearrange The Existing Furniture That You Sit Comfortably

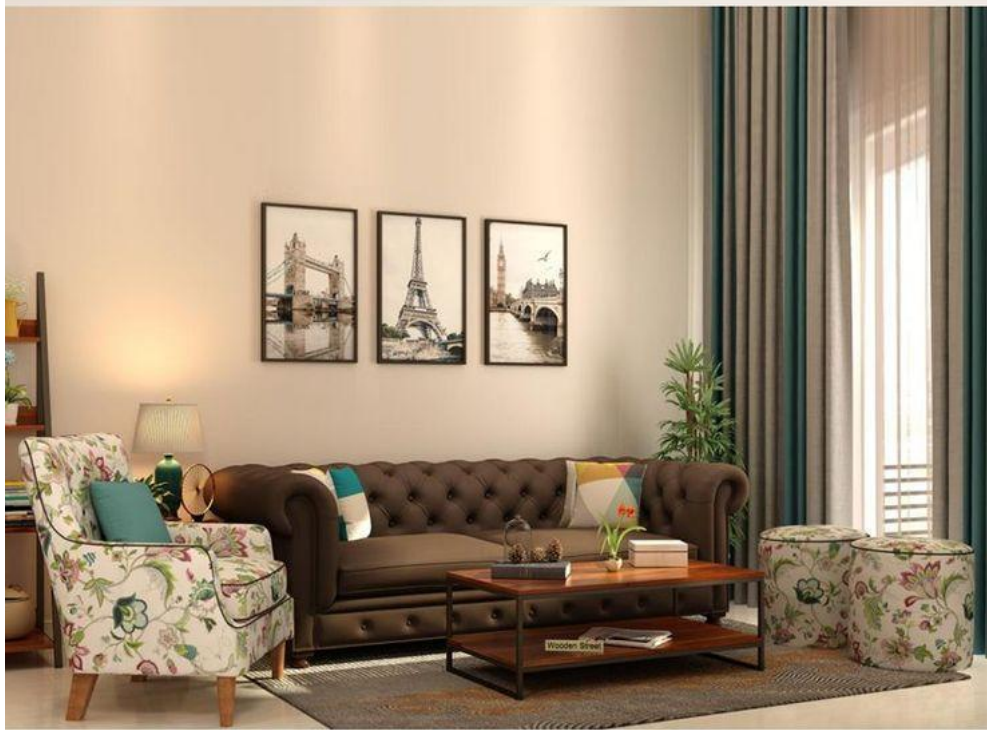

Image Credit - Pinterest (<https://in.pinterest.com/pin/296674694216592991/>)

Rearranging the *living room furniture* is the best way to give your living room a fresh look, without even investing too much. So, next time

before you buy or invest in furniture for your **living room design**, you need to ask a few questions yourself -

"Do I have anything that I can reuse?"

"Can I rearrange my furniture with the existing ones?"

"What should be the focal point of my living room?"

These questions help you understand what exactly you want to do with your room. You can reuse the existing furniture and change the layout - because why not try something different for your **living room interior**?

If your sofa is attached to the wall, pull it out and place a small stool with a [flower vase](#) on it. Or, angle your sofa at 120 degrees for an asymmetrical look. This is the best budget-friendly **interior design ideas for a living room**.

5. Incorporate Some Worthwhile Pretty Furniture

Adding furniture to the space is one of the best **interior design ideas for the living room**. Depending on the size of the room, you can either go for a minimal or give the room a full-glam makeover.

Here are some of the *living room furniture* you can use -

- **Minimal Style for Living Room Sofa Set**

Putting stunning sofa sets can jazz up your **living room design**. You can also place an ottoman or pouf around or near the *living room sofa set* to

enhance the look. For a neutral background and sofa, add colorful ottomans to liven up the space.

An edgy couch can enhance the elegance of your **living room interior**. For a cohesive look, choose a matte couch in a sharp tone that matches your wall paint.

If you have a large space and want to add something more to your **living room interior design**, try adding 2 three-seaters and 2 two-seaters - with a few vases around - you'll love the setup.

Pro Tip - Choose a living room sofa set with regular saal or pinewood, 32-40 density foam, regular velvet, and suede fabric to make it budget-friendly and durable.

- **Moderate Living Room Center Table**

The *living room center table* is one of the center of attractions. This is because sofa sittings are pointed toward the table. You can use the coffee table as a center table - adds so much accent to it!

There are many affordable [living room coffee tables](#) that you will find online, or you can ask your craftsman to craft you a beautiful center

table in budget-friendly finishes like glass for tabletops and mild steel with PU polishing on it for legs.

Make a *living room center table* and coffee table by using laminates to cover the tabletop. Laminates are one of the best options for *low-budget interior design*.

- **Economical Living Room TV Unit Design**

Along with a sofa and *living room coffee table*, adding a *living room TV unit* right opposite the 3-seater sofa can be great - as it gives the perfect angle to binge on your favorite show.

Living room TV units can be in all sizes and styles to suit your taste, preference, and budget. Some of the TV units have less and minimal storage with shelves - which saves your money from being spent on

other extra furniture like drawers and displays - and is an amazing *living room wall decor ideas*.

To make your small space look chic and elegant, place a ready or carpentry-made TV console instead of creating a complete TV unit on a wall.

- **Sleek Display Units**

[Display units](#) with open shelves in sleek metal material are affordable ideas to add to your **living room interior design**.

How to make display unit design affordable? - Go for raw materials that reduce the *living room furniture* cost and make sure to simplify the design.

6. Add Inexpensive Fabrics for Curtains
