

Outpost Estates: the “jewel in the hills” since 1927.

NOTICE: New Landscaped Traffic Islands Are Coming to Outpost Drive!

Greetings, neighbors!

Exciting news for our corner of the neighborhood: **two new landscaped traffic islands** will soon be built on **Outpost Drive at La Presa Drive and Chelan Drive**. The Los Angeles Department of Transportation (LADOT) has approved the construction traffic plan, and **construction is expected to begin soon**. Like the five existing islands along Outpost Drive, these will calm traffic, improve safety for drivers, pedestrians, cyclists, and wildlife, and add a little more beauty to the street we all share.

Because you live near the project area, you may notice construction crews, equipment, traffic flaggers, and temporary detours while the work is underway. The Outpost Neighborhood Association (ONA) apologizes in advance for any inconvenience and will work closely with the contractor to keep disruption to a minimum. We think the result will be well worth it!

One of the five existing landscaped traffic islands on Outpost Drive. The new islands at La Presa Drive and Chelan Place will look similar once complete.

To see the plans, timeline, funding details, and answers to common questions, please visit outpoststates.com/news/trafficislands.

For more frequent updates during construction, we encourage you to **join the Outpost Estates WhatsApp group**. Questions? Email us anytime at info@outpoststates.com.
