2024 Holy Spirit School Production

Production Overview

This year's production is based on the theme of “Music Legends”. The storyline follows two groups of famous music legends, who are yet to realise their future fame, as they embark on their first year at highschool. Throughout the production, these characters navigate the challenges of fitting into different social groups while trying to discover their true identities. With the guidance of their friends, some valuable lessons, and the friendly school cleaning lady, they learn to embrace their true selves and uncover their musical talents.

Please note: While the characters in our production are inspired and include real-life music legends, the story itself is completely fictional and does not have any reference to the lives of the real-life music legends. We have incorporated the legends' style and their music to support the overarching themes of bullying, identity formation and the importance of friendship, found in the storyline.

Important information:

- Attendance is compulsory for all students. Each class will be performing their own class item. If your child **will NOT** be participating in their class item, please contact Sherree ASAP via email: svulling@hsringwoodnth.catholic.edu.au

2024 Holy Spirit School Production
