

Tab 1

Hello,

Yesterday (30.10.2025) a person named "Xyntheon" posted a screenshot of me joking about VRChat ERP.

In this document I will be showing all allegations by Xyntheon and a "secret" group of homophobes and trolls which are trying and failing to dox me and get more information about me grooming (Which they can't since I don't groom).

So this document will have 2 parts, the first part will be the allegations and the second part will be my response and proof that I'm not a pedophile and did not mean it seriously.

Please read the entire document to understand the entire situation. I will be posting EVERYTHING completely unfiltered and unmodified straight from discord.

The Allegations

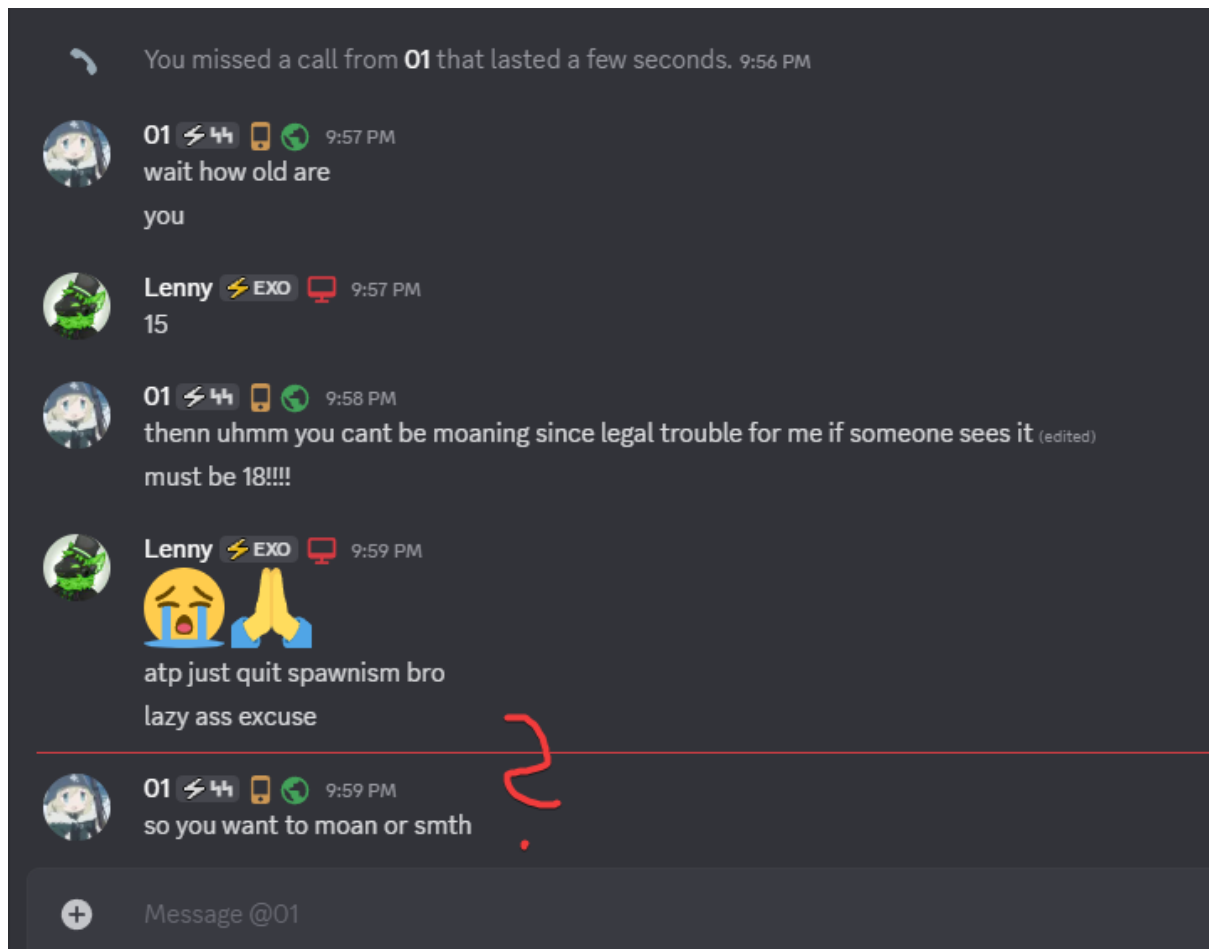

On the 30th of October a person named “Xyntheon” first posted a screenshot of me and “Thismanlikecat” talking about vrchat erp in a jokingly manner.

Attached here (Cannot find the original so I’m posting the one Cxylex (Owner of tidal) sent and later deleted after I sent him proof of it being out of context

Xyntheon is also bossed around by a person named “01” who tried to groom me and later got angry when I refused to moan for him on vc which would’ve led me to being extorted into being nude on vc for him like with his other victims, he deleted his account and swore that he will be taking me down.

And I’m 15, not 19. (14 When I originally joked about vrchat erp)

Now that the original screenshots and the story behind the allegations are clear, I want to talk about the server "Council of Salem" which was made by two homophobes and retards "Denied" and "Melta" who have always been spreading misinformation about me because they don't like that I have a furry pfp.

Below are new screenshots which I made when someone sent me the invite:

While these are not public allegations YET, I still want to cover them so that in the case that these allegations are made public, they're already addressed.

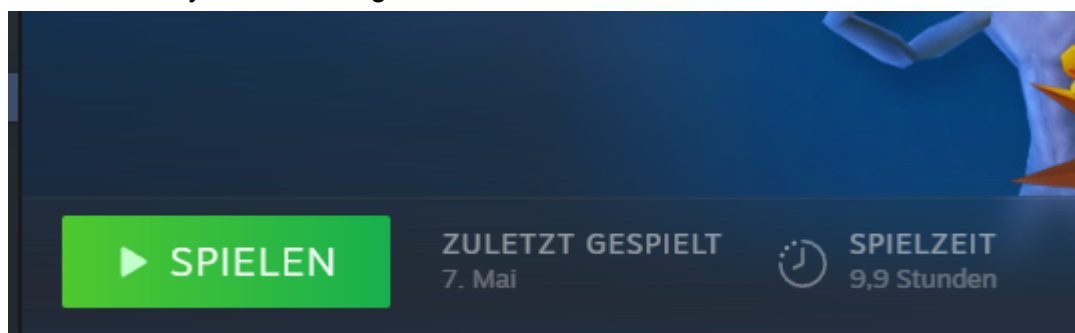

My response

Xyntheon's initial screenshot

The screenshots were from the Exoliner media channel and are still up. If I was serious about what I was saying, why would I have said it in public? And back then I was known for making edgy jokes exactly as I did in the screenshot. The person I was talking to also said that it was just a joke.

And I even get sick from VR as a whole. Yes I have a vr headset but I barely have 10 hours on vrchat in 4 years of having it

Council Of Salem accusations

The council of salem was created by 2 homophobes who have always hated me and called me a pedophile without ANY proof. They saw the situation and saw a way to expose me as all of this looks very bad when it's out of context, but they're harmless and all they can do is find random people in the attempt to dox me.

Their accusations are:

- Me grooming "Thismanlikecat"
- Me blackmailing "Thismanlikecat" into staying quiet
- Me erping in vrchat

The third one is what I've just disproven but the first two are the interesting ones.

I barely talk with thismanlikecat and my last message with him was 3 months ago before speaking to him about what he said about me, unlike me thismanlikecat still makes the same jokes as I used to (Screenshot below)

 **Thismanlikecat** AKA Skid

 **Thismanlikecat**  **RAWR** 8/31/2025 1:01 PM

 **Lenny**  8/31/2025 1:01 PM

fr lenny tried to groom me 🥺

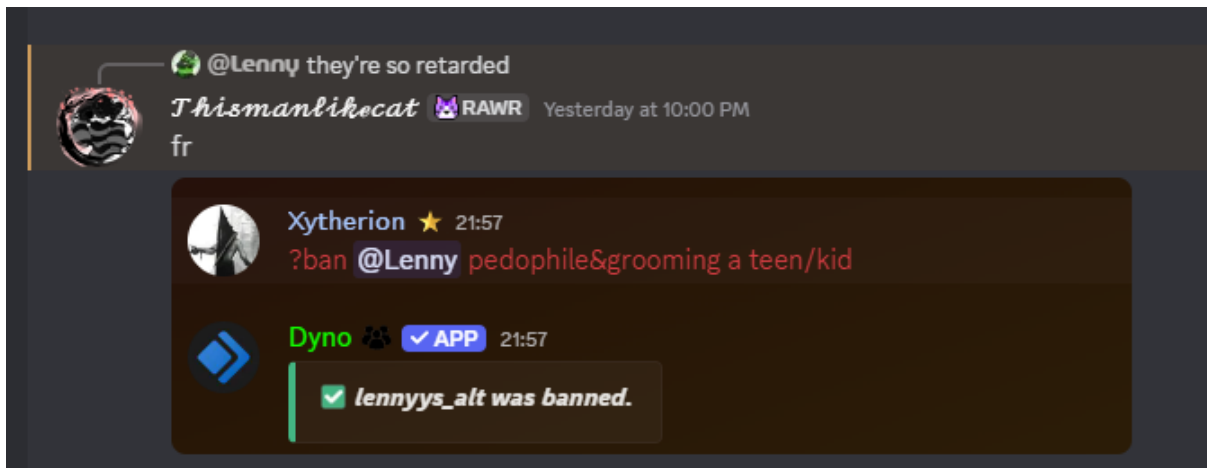

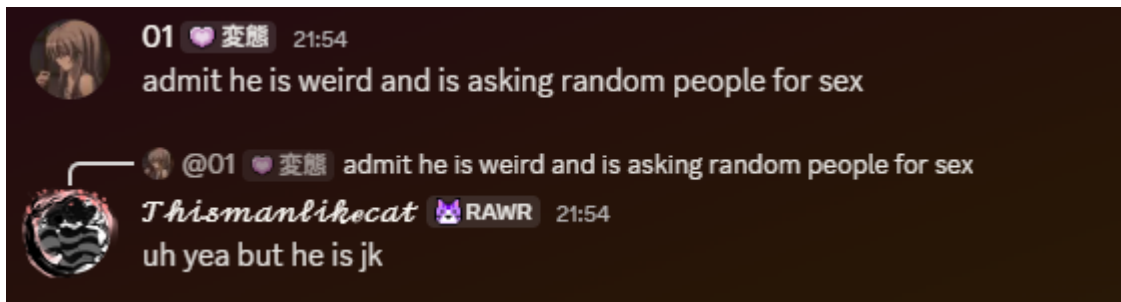

+ Message @Thismanlikecat

More convos of me and thismanlikecat (Right before the screenshot above)

My convos with him were about him sending a RAT to a member of exoliner which is why I banned him. If I actually was blackmailing him he wouldn't be saying that I tried to groom me

right? And as always after I spoke to him (inside of a GC, not dms) he said that he was joking

Anyone who ACTUALLY knows me, knows that I don't like sexual stuff and am grossed out from it. But I used to enjoy more sexual humor and still enjoy dark humor just that I used to be much more immature and more sexual when it came to jokes, which was wrong of me but doesn't mean that I was grooming anyone.

Saying I'm blackmailing someone while I have barely any chats with him and haven't spoken to him in months is insane and since anyone with a brain can recognize how out of context all of the allegations are, the allegations simply hold 0 weight.

Thank you for reading the document. As always I'm responding to any question.

DM "lennyys_alt" for any questions.
