WHO IS 4-H FOR?

4-H is for all youth, from kindergarten through one year past high school. 4-H welcomes boys, girls, and adults from all backgrounds and locations. The entire family can join in projects and activities. Younger members, kindergarten through second grade are part of the Cloverbud program. Cloverbud activities promote creativity and discovery without emphasis on competition.

4-H – A SUCCESSFUL EXPERIENCE

- Members can choose which projects they want to learn about and events and activities they wish to attend.
- The more youth is involved in 4-H, the more they get from experience. Expand your comfort zone and try new experiences.

4-H FOCUSES ON FAMILY INVOLVEMENT

- Many events/workshops are designed for the whole family to attend.
- Parent/adult involvement supports a successful 4-H experience.
