Subject: Join Us in Affirming the Principles for Trusted Elections

Dear [Partner Organization Name],

We're writing to share a step our organization has taken and to invite you to join us.

We recently [signed the Principles for Trusted Elections](#), a cross-partisan commitment to the values that help rebuild trust in our democracy: honesty, peaceful participation, secure and accessible voting, responsible oversight, and respect for legitimate outcomes.

These aren't partisan positions – they're shared expectations for how elections should work in a healthy democracy. And they're urgently needed.

At a time when trust in elections is under pressure from misinformation, division, and threats to election workers, organizations like ours can help model a better path forward. Signing the Principles is just the start. We're also working to align our civic engagement and public messaging with these commitments by sharing trusted information, creating space for nonpartisan dialogue, and helping communities stay engaged.

We hope you'll join us by signing the pledge and sharing it with your network. Together, we can normalize civic trust and show that election integrity is something we all have a stake in.

In partnership,
