The entire amount of the new Daszak grant ( year 6 funded in FY19) is about 3,64 M. The total amount that will go to Wuhan Institute of Virology under this grant will be about \$750K ( \$76,301 have already been sent to Wuhan in year 1 according to the NOA).

The bat sampling work mentioned in the article ( during years 2011-2015) was probably supported by years 1-5 of the Daszak grant but could also have been supported by USAID Predict program (which was also funding the Wuhan lab)

If you feel overwhelmed today, just think how far you've come and how much you've changed and improved since you first started waking up. You are much stronger, more informed, more aware, more kind, and more courageous than you were when you started this. You are resilient, you hold your head high, you don't take shit from anyone, you have new frens who you NEVER would have met under any other circumstance, you are a part of an awakened community, and you see right through ALL of the BS. This is worth celebrating and giving thanks for. ❤️

1. We have been lied to.

The Antrim County election management system (EMS) was REMOTELY and successfully logged into anonymously on 11/05/2020 at 5:55 PM and again on 11/17/2020 at 5:16 PM.

Yes, that is correct . . . REMOTELY

---

**Matthew S. DePerno, Esq.**  
@mdeperno

...

2. Those dates are significant because they correspond directly to the dates the county and SOS were trying to correct the intentional computer problems that subverted the election.

These logons appear to have escalated privileges at the time of logon.

Again . . . REMOTELY

**Matthew S. DePerno, Esq.**  
@mdeperno

...

3. But we were told there was no internet connection.

In an accredited system, an anonymous user should not be authorized by the accreditation authority, but would instead be required to enter a specific user name and password to utilize the system.

**Matthew S. DePerno, Esq.**  
@mdeperno

4. We were told there was no internet connection. We were told there was no remote access. We were told this was human error. All lies.

This is fraud. This decertifies the Antrim County election.
