How To: Serve Brioche

As at September 2025

PURPOSE

This procedure outlines OurChurch's approach to serve Brioche.

PROCESS

1. Brioche are in the display fridge, and extras are in the large silver fridge in the kitchen or in the top of the underbench fridge.
2. Separate the brioche into 3 pieces so it heats evenly through, and place the pieces onto the sandwich press
3. Put the 3 pieces back together once suitably heated
4. Cut in half, and serve on a boat with a napkin.
