

Commission Sheet 2022

Availability:

Availability comes and goes, just ask and I'll give you an approximation on when I can start work or start discussing a commission.

Pricing:

Every commission will have full coloring and shading, there will be no sketch commissions. You are paying for a completely finished drawing at the same quality as my Patreon exclusives.

Type of Commission	Price (USD)	Average Time
Half Body Simple Background	\$95.00	4-5 Days
Half Body Complex Background	~\$130.00	5-6 Days
Full Body Simple Background	\$135.00	4-6 Days
Full Body Complex Background	~\$170.00	6-8 Days

Examples are hyperlinked in the type of commission boxes as well as in the second paragraph below.

If you want more than one character please commission me after February I'll set you up with a different price set. If you really want a commission with two or more characters this February, or a sequence, you will be paying for two or more slots.

Average time is based on previous drawings. Complex background times and prices are completely subject to what the background will have. A "Simple Background" is something I can finish between the days of flats and shading. A "Complex Background" is something more involved that will require references. [A singular prop](#) is not a complex background generally.

Patreon subscribers and previous commissioners do not have a discount at this time. Maybe in the future this will be true but not for this commission wave. Simple background prices are not subject to change this month, but have a possibility of raising next time I run slots. Thank you for understanding!

How to get a slot:

You've probably bought a commission before, but if you haven't, don't sweat it! I make getting a commission pretty easy!

Here's a few steps on how the commission process will go:

1. If there is availability, DM me on [Twitter](#), [Patreon](#) or [DeviantArt](#)! With your idea for what you want to commission. If you don't have an idea beforehand, please do not contact me. Wait until you have an idea and then DM me! It'll go so much smoother that way.
2. Discuss your idea with me! This will determine if I want to work on it and the price of the commission. Don't worry too much about if I won't take the com or not, I most likely will.
3. Pay me. I'll send you my [ko-fi link](#) or my [paypal.me](#) for payment. To guarantee that you are actually talking to me please double check my twitter and deviant art accounts as well as the links used above. Those are official.
4. We'll continue to talk while the commission is being drawn! I'll send you daily wips while I work on it when actively working on it. The process for an image can be anywhere between 4-5 days on average (for a half body full color full shaded simple BG image).
5. You'll be given the finished commission plus source files, full quality! Yay!

Stipulations:

Oh that's a big word. That just means things you have to understand before getting a commission.

Patreon subscribers do not have a discount or first call at this time. There will be no slot reservations. If you contact me for a commission please plan on paying within 12 hours.

One big thing about this is that I've never done commissions slots before. The day at which I get to work on your drawing will be determined on what slot you were given. The earliest slots will be worked on in the first half of the month, the latter slots will be in the second half of the month. Simple! You'll know exactly when your picture is going to be taken care of. *You will have your image delivered to you in the month of february guaranteed if you got one of the first 3 slots within the first week of february.*

Patreon exclusives come first. If I don't have the Patreon exclusive started by the 10th of february I will be stopping all commission work to spend as much time as I can to finish that by the 15th. This will also happen at the end of the month from the 24th of February to the 1st of March. Thank you for understanding.

Please consider that I'm an artist who mainly draws heavier women and big asses. Asking for something outside my range of talents might result in a product you might not like, and I might not like making.

Things that I don't want to draw, please don't pay me to draw this:

- Blobs
- Fat Faces
- Realistic Gore
- Taurs and Realistic Animals

Things I will **NOT** draw include:

- Politically charged Drawings
- Illegal Content
- Blueberry Expansion
- Muscles and Masculine characters
- Asymmetric growth
- Abnormal body part inflation (Hands, Feet, Head)

Ideas that you can ask for (These are just suggestions. Don't think this is what I only want):

- Weight Gain
- Expansion (Ass, Breast, Hourglass)
- Inflation
- Hyper (Ass, Breast, Hourglass, Hips)
- Pokemon
- Jeans and Denim Fetishes
- Girls (I don't think I need to say this??)
- Femboys (including Bulges)

If there's something that isn't listed that you want to commission me for please don't be afraid to ask. I will not judge you and I'll probably have a lot of fun doing it.

Thank you!

Thank you for reading through all of this. I hope you enjoy the commission. I look forward to working with you. If you missed out on this month's waves and I finish all of them very timely I will be looking into making this a more consistent thing.

Previous commissioners have given insanely positive feedback while working with me including how fast I work, how responsive and transparent I am, how the picture turns out exactly like they wanted and various things like that. It's been nothing but a positive experience working with people creating exactly what they want.
