

Today's Meet for Chapters 20 and 22

Chapter 22

At the end of chapter 22, Peter gives Vola "3 conditions". Think about their time together, what do you think ONE condition will be?

Chapter 20

1. Why is it so important to Vola to live alone?

Maiya- Vola was scared that she might kill someone because she killed someone in war.
 Brandon-Vola was scared that she might kill someone or give someone a injury that is why it is important to vola.

Victoria- Vola was scared that if she went to be with people she would hurt them or kill them and it might haunt her like the man in war.

Paige- Vola was scared that she might kill other people or give an injury to someone and if she goes to town she will kill people and she will feel bad and that is why vola has no neighbors.

-Madi Mansell

It is so important for Vola to live alone because she thinks that she is going to kill someone.

2. What does Vola mean when she says, "The plain truth can be the hardest thing to see when it's about yourself".

Takiyah, If you want to know the truth you'll do anything to hide your truth.

Nalla/ you will do anything to hide your truth or the real you.

Aditya Paul/If You don't want to know the truth, you'll do anything to disguise it.

Preston- If you want to know the truth you'll do anything to hide your truth.

Kayla - you know the truth but you just don't want to tell the truth that you really killed someone.

3. What do you think the concept of "nonduality," or "two but not two," that Vola explains to Peter mean?

Storm- it means inseparable Because the indians youst to say the trees are centid to breads and the breads are centid to their nest and so on.

Payton, it means inseparable.

Grant, it means how things seemed to be separated but there connected.

Brenna,nonduality means how things seemed to be separated but the are connected.

Uriah, nonduality means that things that think they are separate but they are actually connected.
