

[Open Access page, via Zurich](#)

This list has databases and search engines that focus on open access academic journals, chapters and papers on many topics...

<https://doaj.org/> - DOAJ is a community-curated online directory that indexes and provides access to high quality, open access, peer-reviewed journals.

<http://www.oajse.com/> - Open Access Journals Search Engine

<https://www.base-search.net/about/en/> - BASE is one of the world's most voluminous search engines especially for academic web resources. BASE provides more than 100 million documents from more than 4,000 sources. You can access the full texts of about 60% of the indexed documents for free (Open Access).
