Author's notes:

Please pay attention to the above and avoid it if you are not good at it.

You won't miss the plot even if you don't read this chapter.

Sometime after that camp, I heard that Johan-san and his colleagues had done an excellent job of discovering the background of the beastmen that attacked us.

There was some disagreement over that, but neither Douglas-san nor Gail-san would share the details with me. The smiles on their faces as they said, *"Don't worry, we won't let them touch you again,"* scared me a little.

According to Alex-san's sources, it appeared that Cattleton was involved and that the target was me, but the rest remained unclear.

To be honest, I was more concerned about whether that incident had left any serious trauma to Licht and Glanz-kun.

No matter how much the beastmen like fighting, they¹ are still young. I was worried about how the experience of being attacked unilaterally would affect these kids, but seeing both of them in such good spirits, my fears might have been unfounded.

Licht, conversely, said, *"Mommy, pwotect, Lich will be stwong!"* He seemed to be training his body while playing, which is encouraging.

As for me, I felt a terrible fear at that time, but it was more the fear of losing my beloved spouses and children than the fear that I was being targeted.

Thus, I couldn't thank my two spouses, Johan-san, and Theo-sama enough for getting their hands dirty to protect us.

¹ Licht and Glanz

Since then, I've been thinking a lot about how I want to be strong, but I still haven't found the answer to what to do.

One year has passed, and the day finally came for me and Gail-san to have our child.

I was thinking of having Gail-san's child soon after I gave birth to Licht and Hikaru, but Gail-san told me to wait a year until the children and I were settled.

Although I was grateful for his generosity, I truthfully wanted to have Gail-san's child as soon as possible.

Of course, I also love Douglas-san, but Gail-san is the one who saved me from that hell...

There is no difference in my affection for my two spouses, but Gail-san is still very special to me.

Douglas-san brought our children to stay at Hector-sama's place, so tonight is a night for me and Gail-san alone.

After cleansing my body in the bath, I headed straight to Gail-san, who was already waiting for me in the bedroom.

Since giving birth to Hikaru and Licht, we have spent many nights together, some with all three of us, some alone with each of them².

However, I could feel my body trembling a little from nervousness and excitement when it came to having a baby.

In the bedroom, there was Gail-san, generously exposing his muscular upper body on the bed and looking at me tenderly with his emerald eyes, which I love.

"Chika? You seem to be shaking a little. Are you okay? Are you feeling cold?"

Gail-san is really overprotective of me.

"No, I'm okay. I was just nervous..."

"I see... All right then... Chika, come here."

I walked over to Gail-san without hesitation.

I crawled up to the bed, and as I approached him, he put his hand under my arm and hugged me.

² Douglas and Gail

A thick, trained chest loomed before me, and I was hugged in a tight embrace.

"My dearest 'pair', it's really a dream come true for me that you will give birth to my child. Chika, thank you for becoming mine."

"Gail-san is... a special person to me. In fact, I'm thrilled to be able to give birth to Gail-san's child..."

"I knew you were going to say I'm special because I saved you, but you don't have to worry about that anymore, okay?"

"That's not it. Sure, you are special because you saved me, but... Gail-san, you were the first to need and want me in this lonely world. You gave me more than enough love. Gail-san, you are special in that sense as well. Not to mention that I love Gail-san..."

"I see. In that case, I will not hesitate to love you today."

----- NSFW scene -----

When he picked me up and we looked at each other, I could see the lust in his eyes.

I also could feel Gail-san's unconcealed excitement in his hot breath.

I smiled involuntarily, happy that he was excited by me. My lips parted, and Gail-san's tongue intertwined with mine.

My mouth is violated without any room to spare, and I was made to moan with pleasure, and my tongue is handled with strong force to the depths.

Just like that, my body lost all strength.

When our entwined tongues separated, the string of saliva connecting me and Gail-san looked extremely obscene.

Gail-san's mouth went straight down to my chest.

My small nipples, developed by the two of them, are swollen and plump, and Gail-san ran his tongue over the protrusions that are flushed from the heat of pleasure coursing through my entire body.

"Aah, nnnn."

Every time he licked that extremely sensitive spot, I let out an uncontrollable cry of pleasure.

My nipples stood up from the stimulation of being caressed by his tongue. He then rolled them between his fingers, twisting them gently and digging his nails into them.

“Hyuuuu!”

Gail stared at my face as I bounced from all the pleasure he gave me.
The expression on his face was terribly rich with male sensuality.

“Chika is so cute here.”

“Nnah, aah, don't talk, mm, while licking me...”

The licking on my sensitive nipples tingled the depth of my waist, and I ended up gasping shamefully.

I held Gail-san's head as he ran his tongue over my nipples, and his trimmed hair stimulated my chest as I clutched tightly at his soft, hair-covered ears.

“I'd love to keep loving you like this, but first, I need to get you ready. I'll prepare your body well.”

I assumed he referred to the core that was prepared in the temple for making a child.
Gail-san was busily preparing something.

“Let me get used to you more carefully today. It might be a little tough, but Chika, can I?”

“Y-yes, please...”

It was already hard for me as my body was burning just from my nipples getting caressed.

My body was telling me that it wanted Gail-san as soon as possible.

Gail-san put me on all fours and dripped a little cold perfumed oil on my rear.

If it was usual, he would have slowly used his fingers to loosen it, but that wasn't all that happened today.

He buried his face into that place and inserted his tongue along with his fingers.

The sensation of being teased from the back by something soft, thick, wet, and different from fingers... The sense of guilty pleasure that ran up the spine was tremendous.

“Hii, ah, ah! G-gail-san, that place... it's filthy.”

“No need to be shy. Let me love you.”

My body trembled as I felt the thick, wet tongue loosened me.

His deftly moving tongue violated every inch of my intestines with its flexible surface.

It certainly feels good, but it's a feeling that's hard to explain, and more than anything, it's embarrassing.

Every time Gail-san moved his tongue and violated my insides, the obscene sounds of water and the rubbing against mucous membranes echoed throughout the room.

It was as if he was trying to make me cum with a caress of his tongue only, teasing my hypersensitive insides.

“Ngh, mm... Ugh, kh...!!”

His thick, long fingers moved deeper and deeper as if to match the movement of his tongue.

His fingers seemed to have found my sensitive spot and started caressing it with skillful movements.

It was such a pleasure that my head went blank.

The stimulation from the fingers alone is enough to make my whole body scream with pleasure, but the movement of the tongue makes it even more intense.

“Hii, ahh, n, nghh...”

My whole body convulsed violently, and my lewd white fluid spread out all over the place.

I reached climax so quickly that I was in tears without even realizing it.

However, those tears were not only a symbol of shame but were also evidence of the desire to be indulged in pleasure.

“Chika, your body is so obedient and lovely, and I want to make you feel even better. So I'm sorry, but I will keep going.”

I gave a slight nod.

Without giving me any time to rest, Gail-san resumed caressing me with his tongue and fingers.

“No...huhh...nghh!”

Thick and long fingers continued to caress the prostate, which has become sensitive after ejaculating once.

In addition to that, his tongue was also inserted deep inside, giving a different kind of pleasure than before.

The excessive pleasure that I felt didn't subside with a spasm.

I gripped the sheets with my trembling fingers, but the hint of another climax roused my body again, and I unconsciously moved my body to run away.

However, Gail-san firmly caught me as I escaped, and did not stop his insistent caresses, making obscene sounds as he teased my sensitive areas with his tongue.

"Cumming...I-I...I'm cumming again...!"

Convulsions that were completely different from normal ejaculation enveloped my entire body, and a dizzying amount of pleasure washed over me.

I couldn't think of anything else.

After my body spurted out white, muddy liquid for the second time, his tongue and fingers stopped moving as if signaling he was finally satisfied.

Although I was released, my body had already become weak and could no longer move of my own volition.

While I was unable to move, Gail-san grunted and covered me from behind.

A burning hot rod slowly entered my rear, which already loosened enough.

I swallowed it without any resistance as if I had been waiting for it.

It was so thick and long that it almost took my breath away and my body shook a little, but I felt a sense of fulfillment, as if it filled something that was missing.

"Chika, does it hurt?"

He asked me unhurriedly as he inserted his thick, hot penis into my slightly twitching abdomen and jolted it.

"I-I'm, okay..."

That was what I replied, but the pressure of having such a non-standard object inside was unusual, and the breath I exhaled quivered slightly.

“Chika... I love you.”

He grabbed my chin and turned me to his side, then gave me another deep kiss where our tongues intertwined.

He ravaged my intestines with small movements, and he licked away the tears I shed with his tongue while apologizing.

I was very happy with the comfortable interaction.

The sound of water reverberating from our joints and the sound of mucous membranes rubbing against each other further stimulated my sensuality.

A wave of pleasure counteracted the slight pain being penetrated deep inside.

Gail-san moved his hips while hugging me gently but firmly from behind as I continued to shed tears.

“Are you... really okay?”

I could no longer respond with words.

As I nodded my head desperately, Gail-san smiled with satisfaction and sped up the movement of his hips.

The intense thrusting that gave me such pleasure until my vision turned white, the happiness of feeling my beloved's thick, hot genitals all over my body, and the breath that had become ragged with male instinct tickled my ears.

All of those things made it difficult for me to suppress my voice, and I kept raising my moan.

“Hii-, ah, ahh, noo.”

“Ugh... I'm sorry, Chika.”

Gail-san apologized and gently dug his teeth into my neck.

Pleasure ran through my body and brain so much that I didn't even notice the pain in my neck.

Gail-san let out a small groan at the same time as I felt something really hot inside of me while I also dripped out a small amount of milky white fluid.

Little by little, the thrusting movement became gentler and eventually stopped.

I slowly turned my body around and hugged Gail-san's giant body.

"Chika, I'm still inside. It's dangerous if you move that much."

Without answering him, I parted Gail-san's lips open with my tongue and intertwined our tongues while looking at each other.

We hugged each other, lay down on the bed, and rested for a while until our bodies calmed down.

Normally, the intercourse would have ended here.

Gail-san never holds me to my limit.

Ever since that night, Douglas-san has sometimes pushed me to the limit and held me roughly when something blew up.

Naturally, he is taking it easy on me enough not to break me, and I actually feel happy that he wants me so much.

But, in my intercourse with Gail-san, the priority is me.

Gail-san once told me that as long as he made me feel good, I wasn't in pain, and I was satisfied, nothing else mattered.

However, I want Gail-san to be satisfied as well.

No, that's a front. I might have a shallow desire that I want Gail-san to reveal his beastly nature deep down inside and seek me out, just like Douglas-san.

I thought today would be the only time to put it into action.

"Gail-san, can I have a word with you?"

"Hmm? What's the matter?"

When I sat up on the bed, Gail-san also got up and sat cross-legged on the bed.

"Let's see.... I don't know if this is the right time to ask this, but are you satisfied with our sexual intercourse, Gail-san?"

"What's wrong all of a sudden? Of course I'm satisfied. I'm happy just to be able to hold you."

"Hmm, no, not that. I wondered if Gail-san is really doing what he wants to do..."

"So that's what all this is about. It's because I almost went a little out of control the first time I held you. Now I'm a little restrained, but I'm satisfied enough, you know?"

"I knew it, you were holding back... This is a great opportunity! Gail-san, I don't mind what you do to me, so please do what you want to the best of your ability! As long as it's okay with you, I'll be fine."

"No, Chika... I don't want to be reckless with you. I've never held someone without reason before. I don't know if I can control myself like Doug. I don't even know what kind of burden that would be put on you."

"Even so, I don't mind."

"But, you know, Chika..."

"Gail-san, it's not that you don't want to hold me, is it?"

"Of course not."

"Then, I'll do this!"

I quickly moved around behind him and rubbed the tail that rested on top of his firm ass as hard as I could.

"Chika!"

"This is the beastman's erogenous zone, right!? I'm sure Gail-san would be reserved, so I'm going to do this today."

Gail-san's tail is small but has just the right amount of elasticity and is irresistible.

The texture is similar to that of a memory foam, so I could rub it as much as I want.

I massaged the tail without any restraint.

"Chika, what are you— Grrrr—"

The hand that tried to stop me stopped midway and was placed on Gail-san's head instead.

A growl like nothing I've ever heard before rose from Gail-san's throat.

His body also began to change.

A soft light enveloped his body, sharp fangs grew from his mouth, bear-like fur covered his muscular back and arms, and his large hands had long claws covered in fur.

When the light subsided, there was Gail-san, who had retained his normal appearance but had partially transformed into a beast.

"This is....."

As I looked up at his half-beast form in a daze, he hugged me with all his might.

“Grr... Chika, what a foolish thing you did... when this happens, I can’t control my instincts anymore... I won’t be gentle to you anymore today.”

“It’s okay... please make me your prey, Gail-san.”

I could feel my lower body tingling from the words whispered in my ear.

How slutty I am...

With a thump, my body was pushed down with a strong force to the bed.

“Grrr”

My heart naturally beat faster when I heard the growl coming from his throat.

I felt that this was the signal for the beginning of our sexual intercourse.

Gail loved me with his wild eyes.

“Grrr...Grrr”

The usual calmness was gone from his eyes, which had lost their rationality and were shining very sharply.

And the light of lust within it seized me and ordered me.

Follow my lead, it said.

I felt joy and a slight fear at the side of him as a beast that I’d never felt before.

Without being able to move my body, I shuddered at the sensation of him slowly splitting open my body.

I even forgot to breathe, and the breaths I finally exhaled were nothing but sobs.

The current Gail-san was different from the Gail-san I know.

It is a beast that has lost all sense of reason and is trying to satisfy itself by devouring me according to its instincts.

This fact filled me with fear and ecstasy, but the warmth I felt put me at ease.

The sudden shock hit me instantly, and I found myself clutching the sheets desperately.

My lower back throbbed horribly, and the part connected to Gail-san was hot.

With every breath, the pain and pleasure of being stabbed in the stomach by a thing that had become beastly and even more ferocious continued to attack me.

Apparently, the shock of being penetrated by that thick thing all at once knocked me out for a moment.

When I turned to the front, I met the face of a male who had become a wild beast.

When I tried desperately to smile, Gail-san also slightly lifted the corners of his mouth, smiling happily, and then sank his teeth into my neck.

“Grrr...”

The sensation of sharp fangs piercing soft skin.

It was by no means painless, but it gave me more pleasure than that.

I could feel hot blood starting to ooze from the pierced skin, and the beast was licking it off with great relish.

“I’ve always... always wanted to mark you like this and taste you... but I didn’t want to hurt you... but I can’t take it anymore.... Will you forgive me for this?”

“This... this is what... I wanted. Haa, ha, don’t worry about me.... Just go ahead... and do it.”

“Grrrr”

I could no longer sense anything but the presence of a ferocious beast from Gail-san, whose mouth was wet with blood and was smiling fiercely at me while licking his lips.

I felt like I’d become a sacrifice to a cruel ruler.

Satisfied with my neck, he then pierced his fangs into my flat chest, then into my stomach, my upper arms, thighs, and calves, as if carving his own mark. He licked up the blood with an ecstatic expression on his face as if he were eating his favorite food.

“Chika...everything about you is delicious... I’d put you in my belly if I could...”

If he was satisfied with one spot, he would poke his fangs one after another into the skin that had not yet been punctured.

Is this what herbivores feel when they are eaten by carnivores?

When herbivores are eaten by carnivores, some of them might shed tears and die with an ecstatic expression on their faces.

I've heard that this phenomenon is caused by the secretion of narcotic substances in the brain, and I might be in that very state right now.

Rather than the pain of having my snake pierced, I had a stronger urge for Gail-san to seek me out and eat me.

Tears were constantly flowing, but I felt no more fear as he licked them away with his bloody tongue, as if my tears were delicious.

Gail-san seemed to be satisfied enough and rubbed his head against me.

From there, the scent of fresh green forest wafted in the air and attracted me intensely, like a deadly pheromone.

“Grrrr”

A growl came out of his throat again and he started slamming his hips against me.

Every time I got penetrated, a terrible shock and pleasure hit my whole body.

A large mouth sealed my mouth that kept sobbing with pain and pleasure, and a thick tongue violated my oral cavity freely.

I could taste the rich taste of blood on his tongue, and that strange sensation made me aroused again.

His tongue, which has become longer due to his beastification, carefully went all the way to the back of my throat.

Gail-san laughed happily as he swallowed the saliva and blood that were sent his way.

My body, which was shaken over and over again without any hesitation, had already adapted to the hot, large object, and the pain was fading while the pleasure was increasing.

“Hi, yaaaaaa!!!”

Gail-san expanded my insides and squeezed my sweet goodness out of me.

I felt an intense sensation of pleasure, and there was no way he would miss that moment when I rocked my hips.

“j-just now, wai-, aahh, noo—”

An incredible jolt struck my whole body.

As if he couldn't wait any longer, he began to thrust into me even harder and deeper than before.

“Chika, Chika, Chika, Chika, Chika. You are mine. I will never, ever let you go...”

He twisted his hips and went deeper, not even caring that he had hit the curve in my rectum.

“Nnah, no, no, ah, It's going to break, ahhh!”

“Grrr, it's okay, I won't break you.”

While whispering sweetly, Gail-san continued to freely ravage my intestines, which had become accustomed to it, and growled as he fucked me with eyes full of rapture and madness.

My penetrated body bounced and twitched. I've already exhausted all my tears and body fluids, and I was just at the mercy of the violent movements.

Just as I thought he was gently shaking his hips as if to soothe me, he thrust into me so violently as if he was going to rip my stomach.

The same movements were repeated over and over again while he regularly rubbed my pleasure spots. When my pleasure spots were stimulated continuously with irregular movements, I couldn't even raise my voice anymore.

The innermost part of me was penetrated again suddenly, and at the same time I ejaculated...I was incontinent.

The spewed semen and warm liquid wet the bed nastily.

“Nn, ah, ah... waa, haaa.”

The only words that came out of this incident were unintelligible ones.

Gail-san smiled with satisfaction as I shed tears and blushed with embarrassment, and he started to fuck me again with powerful movements of his hips.

Over and over again, his hips moved and thrust my belly in large movements.

“H-hyaa... ah... no... more... forgive... me...”

“Chica...let me engrave myself inside you.”

He spread my legs wide open and drew out a large, scorching hot lump from me, whose entire body convulsed breathlessly from the torturous pleasure he was continually giving me, and then pushed it all the way into my innermost depths at once.

“Hyaaaaaa!!”

Something snapped inside me.

Gail-san quietly growled and groaned, and a large amount of hot stuff was poured into my deepest parts.

My consciousness ceased there.

“Chika...forgive me.”

Just before that, I thought I heard a little apology.

----- end of NSFW scene -----

When I woke up, I saw a thick chest in front of me.

Bandages are wrapped all over my body.

I felt like this was a bit of an exaggeration with the wounds I had...

“Gail-san, good morning.”

“Hmm, Chika, are you awake? Good morning. Last night...”

“Stop! Gail-san, please don't apologize. It's what I wanted. Besides, I was delighted to see another side of Gail-san that I don't usually get to see.”

“But I ended up inflicting these wounds on you...”

“It's not a serious wound, and this treatment is a bit over the top. But I was very surprised to see that Gail-san had such a hidden side. I feel a little superior to think I'm the only one who knows about it.”

“I myself never expected there was that kind of side in me... To be honest, I'm surprised. But, yeah, I think it's partly because I'm with Chika.”

After saying that, he put his arms under my armpits and lifted me up.
When our eyes were at the same level, I saw Gail-san's tender eyes.
I love those affectionate and gentle emerald eyes.

“Now you won’t be so reserved with me, right, Gail-san? Please don’t be so careful about me from now on, okay?”

“Yeah, I'll take your word for it.”

I kissed Gail-san's forehead as he smiled gently, and I smiled as well.

“Now, there's still a long way to go before dawn, so it's best to rest a little more.”

“Okay, good night.”

I slowly stroked my stomach while closing my eyes.

Praying that new life will dwell there.
