## ○ Work Experience

### 2011 - Present

#### Living Word Community Church, Red Lion PA Video/Media Designer

- Worked with the Teaching Pastor(s), Executive Producer, and worship arts team to define each week's needs for Sunday services.
- Led video direction of multi-camera live productions / services (BOH)
- Created and produced video productions such as video announcements, bumpers, web videos, slide animations, stories
- Provided Visual Media direction to the creative process and oversight in the use of the Visual Worshipper walls, lighting, graphics, and other media.
- Composed music for video productions
- Managed and maintained video equipment
- Works collaboratively to create the environmental space conducive to the week's theme.
- Developed and implemented strategies to train staff and recruit/train ministry partners in the application and use of equipment for effective implementation of services (and events as applicable)
- Partnered with the Web/Graphics Designer and/or Communication Manager on projects as needed.
- Monitored the condition of equipment and arranged for repair and replacement as necessary with the Technical Director.

## **2008 - 2011**

### **Triscari Group, Camp Hill PA**

#### **Producer**

- As producer, my job is to provide the marketing tools for our clients in the form of video, website, print work, software, or audio work.
- I prep and run the media and switch board in large scale conferences in the Hershey lodge. At these events, I also record the feed from multiple HD cameras and the switch board.

## **2006 - 2007**

### **New Life Church, Lancaster PA**

#### **Multimedia Specialist and Assistant Worship Lead**

- Team leader for a multimedia division in New Life Church consisting of 10 people. As the leader, it was my job to create custom visuals for video, ads, and flashbacks. I also trained each of the members on proper use of the audio equipment. I assigned schedules and ensured that objectives were met in a timely manner.
- I served for several years, helping teens develop their musical skills and a meaningful outlook on worship. Also led the adult worship team often on Sunday morning services.

## **2007**

#### **Freelancer**

- **Application Design** - Develops custom software for specific client needs. Past work includes a custom bay display program for the Garden Spot Auto Auction, Price Sign Maker for Bombergers Hardware store, and a highly praised Attendance program for churches which includes barcode scanning ID technology.
- **Web Scripting** - Professional websites using these languages: html, asp, flash, javascript, php
