

[door slides open and closed] So, I'm guessing the higher ups have finally assigned me a partner. About damn time. **[chuckle]** What makes a human sign up for a program like this?...You do know what program this is, right?...It's the Endangered Monsters program. Don't tell me you signed up for something and didn't know what it was...Well, hypothetically, if you had signed up for this without realizing then you would probably be a bit startled by this information. You are here to help with the continuation of certain monster species that are going extinct. Scientists have found that humans are the optimal receptors for monster reproduction as your DNA does not overwrite ours. Instead of becoming a hybrid or something, the offspring comes out like a full bred monster allowing the continuation of species like me. I'm sure you've picked up on the fact that I'm less than human, haven't you?

...Well if it wasn't obvious from the pink skin, four pitch black eyes, mouthful of too many teeth then **[shuffle]** my naked body should prove it for me. Doesn't look anything like a human, does it?...Proportions are just slightly off. My arms are a little too long, my torso a little too short, too many fingers on each hand for it to look right, my tail whips around behind me letting you know exactly what I'm thinking, there's nothing human about me at all, is there?...And that excites you, right?...Having to look up at me and see my horns curling on either side of my face, never realized just how tiny you were in the grand scheme of everything, did you?...How cute, little one. Why don't you come join me on the bed? It's getting awfully lonely all by myself. **[chuckle // shuffle]** Oh that's nice. Instantly pressing up against me. You like how I feel, don't you?

...That's good, little one. Focus on that. How my firm hand feels opening up your robe, getting you just as naked as me. Want to be able to feel every inch of you, baby. Don't like when things get in my way, keep me from what I want. And what I want right now is you, little one. All of you. **[kissing]** Look at you, baby. So easily letting my forked tongue inside. Love how it feels when I move either side independently, don't you?...Trying to swallow me down as my hand starts to tease you. I'm doing this right, aren't I?...Just making sure since we have different anatomy, little one. Want to make sure you feel good, that's how we breed successfully. This is never going to work if one of us doesn't enjoy it. Want to make sure you want it just as badly as I do, baby. **[kissing]** Feel so good on top of me like this. My legs wrapped around your waist and pulling you flush against me, grinding my hips against yours. You feel so fucking good, little one. **[kissing]** Like how my tits feel in your hand, don't you?...Squeezing them both so gingerly. Ngh, be careful with the bar through the nipples. Makes me extra sensitive to even the lightest sensations.

[kissing] Come on, baby. Breed me. **[kissing // wet noises start]** Yeah. Ngh, that's good. Already soaked for you, little one. All you had to do was slide in. So easy, no resistance, just tight heat enveloping your cock. Ohhhh, yeah. That feels really nice. Wasn't sure how you were going to feel inside me since we have such a height difference. Was worried that we wouldn't be able to make this work. I've never been happier to be wrong, baby. Despite how tiny you are height wise, you fill me up better than anyone else. Mnf, feel so good inside me. Love how your cock stretches me, baby. Does my pussy look pretty? The way it keeps taking every thrust of your cock inside, can you look away, baby?...Then don't. Keep watching, keep fucking me, little one. You are here for a reason. You've got to breed me, baby. All you've got to do is knock me up, cum inside my cunt. That's easy for you, isn't it?...Going to fill my womb, aren't you? Going to make sure there isn't a chance for anyone else to get me pregnant. Your hips thrusting against me, feeling my ass jiggle with every movement. That's it, little one. You're doing such a good job. Don't have to hold back with me. I can take it, promise. Just breed me, little one. That's your only purpose here.

Ngh, like that. Yeah, right there. That's good, little one. Reaching down and starting to play with my own clit, wanna feel good too, baby. Want to cum on your cock. Wouldn't be fair if you were the only one that got to cum, right? You're not here for your own pleasure, you are here to do a job. You're here to cum inside me like a good breeder, pump me full of your cum. That's the only reason why you are here, little one. You need to cum inside me, you have to breed me. Ngh, yeah. That's right. Look at you. Feel so fucking good as you continue to rock against me. That's it, baby. Right there. You're doing so good. Like knowing that you are the reason that I'm sounding like this, aren't you?

...Makes you feel good hearing how close I'm getting from your touch. Your cock never stops pumping in and out as I pull you tighter against me. That's it, baby. Doing so good, giving it to me just like I told you to. Look at you, giving me everything you have. Making me feel so good, I bet you are proud of yourself. I'll be proud of you if you can cum inside me. Are you going to be good for me and breed me just like I asked?...That's good, baby. Being such a good breeder for me, continuing to fuck my pussy just like you've been told. Your own pleasure continues to build as my pussy chokes your cock, nothing but tight wet heat surrounding you. It feels like you could die and go to heaven, doesn't it?...Never felt anything like this. Such a tight fucking hole for you to bury yourself inside, to milk every ounce of cum out of you. Not going to be a drop left in you when I'm finished, baby. Want it all to myself. Don't care if that makes me greedy. You're going to be good for me and knock me up on the first try, aren't you?

...Want to make me proud, don't want to give anyone else the chance of doing it. Ngh, right like that. Yeah, yeah, that's the spot. Sound so fucking good, baby. Love how it feels when I clench around you, don't you?...Constricting your cock as tightly as I can, you almost don't want to pull out at all, do you? Wish you could just rut deeper and deeper inside me so that you never have to leave the warmth. Can't even form a word it feels so fucking good. Lost to your own pleasure, it's so cute, little one. Chasing whatever feels good, it's the only thing your brain can focus on. Don't even want to leave my embrace, do you?...My arms clinging onto you, nails digging into your flesh as I rock my hips against you, trying to take it deeper, trying to create more friction. Going to have inky black marks down your back for the next few days. Going to have my mark on you, little one. Ngh, people are going to see it and know. They are going to see what a good little breeder you've been, baby. Going to breed me just like you're supposed to, aren't you? Going to be good and fill me up with your cum, right?

...Of course you are, little one. So excited to breed me, your cock dribbles a bit in excitement every time I say it. Can't get enough, can you?...Happily burying yourself inside me over and over again, unable to control the sounds that leave your throat. If I didn't know better, I would think you're in pain. Don't think you have even said a real sentence in a few minutes. Lost to your own pleasure, your own all consuming need, you just want to cum inside me, don't you? Want to let go and release everything that you've been working towards. It's okay, baby. You're going to get it. You're going to get it in due time. But what sounds better. Cumming by yourself or cumming with me?

...Thought you would say that. Want to feel my pussy clenching and unclenching around you, sucking every last drop out of your pretty cock, little one. Yes you do. Not going to leave a single drop of cum in your balls, baby. Want it all to go inside me, where it belongs. It's not doing you any favors by staying inside you, is it?...That cum belongs inside me, breeding me, knocking me up. That's why you're here. That's the only reason you are inside me, little one. You have one job, one purpose in life. To breed monster girls. To take what us monster girls give you. If I wanted to drain your balls dry every day by breeding myself I would, little one. It's well within my rights. Ngh, come on, baby. Be a good breeder for me. Cum inside me. Knock me up. I know you want to breed me, baby. Now's your chance. You've made me feel so good, and have done such an amazing job. Cum inside me. Breed me, little one. You can do it. Cum with me, baby. Cum with m-[adlib mutual orgasms] [kissing] You did amazing, baby. Gave me everything I wanted so perfectly. How are you feeling?

...[**chuckle**] Is that a good feeling?...Then I'll take it. [**chuckle into a kiss**] Now, how would you feel about another round?...[**chuckle**] You're so cute, little one. You don't need to use your cock for another round. Why don't you just eat your cum out of my cunt? That way by the time you're finished and I've had another orgasm, you should be ready for another round. Seems perfect, doesn't it?...I'm so glad you agree with me, baby. It seems we are more alike than I thought.
[**chuckle into kiss that fades out**]

~ Inclusivity Stuff ~
