July 2026

Dear Parents/Guardians,

As we prepare for the upcoming 2026-2027 school year, our teachers have thoughtfully compiled suggested school supply lists for each grade level. These items are commonly used throughout the school year to support classroom learning and student organization.

Many families appreciate receiving supply lists before summer begins so they can plan ahead, take advantage of sales, and shop at their convenience. These lists are intended as helpful guidance to support your child's learning and organization throughout the year. A copy of each grade-level list will also be available on our school website for easy access over the summer.

Below you will find the suggested supply lists organized by grade level. We hope this makes your back-to-school planning a little bit easier. As always, we thank you for your continued support and partnership.

Respectfully,

David Willadsen

Jake Velleco
