

How a toddler can be a 10k\$/MO Day Trading

To make money with Day Trading

You're already 10x smarter than you need to be.

You don't have to be the second coming of Shakespeare

Or Luke Belmar.

In fact,

Being a dumb*ss is an advantage as a Day Trader.

want to know why

DRUM ROLL

Because you're following simple steps

That a 10-year-old can understand

it sounds dumb but it is true

spotting short-term trends dodging overnight risk and leveraging tech tools for fast-paced trading

are the key advantages in day trading

So instead of seeing Day Trading as some impossible math equation

treat it as a monkey business.

day trading isn't easy,

But it is dead simple

As long as you continue learning, the skills will care for themselves.

The REAL formula of success just comes down to taking action.

So (name)

Be the 10-year-old who works to make his dreams into reality

join the TTG

to be in on the real sauce of success
