Armoured VPN Pro

Privacy Policy

Last updated: September 10, 2025

This Privacy Policy describes how MaxAppsDev ("Company", "We", "Us", or "Our") collects, uses, and protects your information when you use **Armoured VPN Pro** ("Application" or "Service").

We value your privacy and are committed to being transparent.

No-Log Policy

We are a **strict no-log VPN provider**. This means:

- We **do not monitor, record, or store** your browsing history, traffic data, DNS queries, or the content of communications.
- We **do not log** your real IP address, connection timestamps, or bandwidth usage.
- Your online activities through our VPN servers are **not tracked, stored, or shared**.

The only data we collect is limited to what is necessary for app functionality, ads, and crash reporting (see below).

Information We Collect

1. Personal Data

We do **not** require you to create an account or provide personal information to use the VPN service.

2. Usage Data (Non-identifiable)

When you use our Application, certain information is automatically collected for diagnostics and app improvement. This may include:

- Device type and model
- Operating system version
- Application version
- Crash logs
- General usage statistics (e.g., number of active users)

This data is collected through **Google Firebase Analytics** and **Firebase Crashlytics**.

3. Advertising Data

Our Application uses **Google AdMob** to display ads. AdMob may collect:

- Device identifiers (such as Android Advertising ID)

- Interaction with ads
- General device and network information

You can learn more about how Google handles data in their Privacy Policy.

How We Use Collected Data

We use the collected information only for:

- **App functionality** (ensuring VPN service runs smoothly)
- **Diagnostics & crash reporting** (via Firebase)
- **Usage analytics** (anonymous, aggregated, for app improvement)
- **Advertising** (to support our free service via AdMob)

We **never use or share** your VPN traffic or personal browsing data for any purpose.

Sharing of Data

We may share non-identifiable data with:

- **Google AdMob** (for ads)

- **Google Firebase** (for analytics & crash reporting)

We do not sell or share your personal VPN usage data with any third parties.

Data Retention

- VPN traffic data: **Not collected**.
- Analytics & crash data: Retained by **Google Firebase** according to their policies.
- Advertising data: Managed by **Google AdMob** according to their policies.

Children’s Privacy

Our Service is **not intended for children under 13**. We do not knowingly collect personal data from children. If you believe your child has provided data, please contact us and we will delete it.

Security

We use industry-standard encryption to protect your VPN connection. While no method is 100% secure, we take reasonable measures to safeguard the limited data we handle.

Changes to This Privacy Policy

We may update this Privacy Policy from time to time. Changes will be posted here with a revised "Last updated" date.
