

Malle Schilling is currently an Assistant Professor in The Polytechnic School in the Engineering Education Systems and Design program at Arizona State University. Malle obtained a B.S. in Mechanical Engineering from the University of Dayton and a M.S. in Systems Engineering from Virginia Tech. Malle completed a Ph.D. in Engineering Education at Virginia Tech. Malle's work has focused on engagement with rural communities and the career pathways of rural students and rural STEM professionals. Malle is also interested in interorganizational collaboration and community engagement to work more closely with students and communities to address systems-level wicked problems.
