Hey,

Imagine owning a language coaching business where you never have to teach, speak, or even show your face...

That's exactly what this new AI tool lets you do 🙌

⇒Grab access before the launch deal ends:

Conversly is the world's first app that builds you an entire Duolingo-style business - from the landing page, to the AI avatars, to the coaching system - all done-for-you.

You just pick a language (there are over 99 options), set your pricing

(many are charging \$49/month or more), and let the AI run the business 24/7.

- ✓ No teaching
- ✓ No talking
- ✓ No Zoom calls
- ✓ No technical setup
- ✓ No subscription fees
- ✓ No content creation

This is as plug-and-profit as it gets.

It even comes with preloaded websites, hosting, branding, built-in payment gateways, and marketing tools that bring in traffic and students for you.

You can finally launch a real business without spending hours of your time or needing any special skills.

⇒This just went live and early access is open

This is one of the most exciting “set it and forget it” models I’ve ever seen.

To your success,

Hey,

Let me ask you a serious question:

What if you could launch a profitable coaching platform... and never actually have to coach a single person?

- No talking.
- No Zoom.
- No lesson planning.
- No hiring teachers.
- No teaching experience.

Just set it up once... and let AI do all the coaching for you.

Sound crazy? Not anymore.

⇒Conversly just went live, and it's changing the game:

It's the world's first AI tool that lets you build your own Duolingo-style business - complete with avatars that coach your students in 99+ languages (even if you only speak English).

You can charge \$49/month or more per student, and the best part? You keep 100% of the profits.

But here's where it gets better...

This isn't just something you can use - it's a full-blown business in a box.

You can flip this into a brand. Sell it. Scale it. Turn it into a passive empire.

 Done-for-you websites (with pro branding & content)

- ✓ Built-in landing pages and payment gateways
- ✓ AI avatars that teach, answer questions, and handle student sessions
- ✓ Hosting and security included
- ✓ Built-in monetization tools (subscriptions, upsells, and more)
- ✓ Works 24/7 - your AI never sleeps, cancels, or complains

You're not buying a tool. You're launching a business.

And not just any business - one that sells knowledge in any language, around the clock, without you lifting a finger after setup.

There's a reason this launch is already creating serious buzz. It's affordable. It's scalable. It's ready-to-profit on day one.

But don't wait - Conversly is live now and spots are flying:

⇒Conversly just went live, and it's changing the game:

Follow-Up Email 1

Hey,

Yesterday, Conversly launched to a flood of excited buyers - and it's easy to see why.

This isn't just another AI tool.

It's a ready-to-launch business that allows anyone - yes, even complete beginners - to build their own Duolingo-style platform and start charging \$49/month or more per student.

And here's what's wild:

You don't have to coach. You don't even have to speak a second language.

✅ The AI handles all the coaching for you - in 99+ languages.

✅ You get a pre-built website, landing page, branding, and full monetization system.

✅ You keep 100% of the profits.

✅ Students can practice 24/7 - your AI avatar never takes a break.

It's like flipping a switch and launching an international education brand... without time, teaching, or tech.

Now, here's the thing...

We're already seeing spots fly - because there's no subscription, no extra fees, and the early-bird pricing is still active (but not for long).

Soon, the price goes up or access gets capped.

If you even thought about launching your own online platform this year, this is your window:

⇒ Grab Conversly before it's too late:

Remember - once it's gone, it's gone. This isn't some "maybe later" kind of offer.

This is your chance to finally launch something real - with zero hassle.

Don't miss it. To your success,

Follow-Up Email 2

Hey,

The response to Conversly has been wild...

People are already launching full-blown, Duolingo-style coaching platforms - powered entirely by AI - and collecting \$49/month (or more) from paying students.

They're not fluent in any language... They're not teaching or coaching manually...

And they're not dealing with any tech headaches either.

Conversly does it all for them:

- ✓ AI Avatars coach students in 99+ languages
- ✓ Prebuilt sites, content, and branding ready to go
- ✓ No talking, no teaching, no time commitment
- ✓ Charge monthly, keep 100% of the profits
- ✓ Built-in marketing & upsell tools included
- ✓ No subscriptions, no hidden fees

You just set it up once, connect your Stripe or PayPal, and let the AI run the show 24/7.

This is passive income at its smartest - and the best part? It's happening for real people right now.

But here's the thing...

Spots are going fast, and some of the best bonuses are already being claimed.

If you delay, you'll miss the chance to secure yours.

⇒Lock in Conversly before it's too late:

Let the others wish they took action...

You? You'll be busy growing your own AI coaching empire.

Let's make it happen,

Follow-Up Email 3

Hey,

There's something about watching people take massive action and start printing results while you're still thinking about it that stings a little...

And that's exactly what's happening with Conversly right now.

This isn't hype. This isn't fluff.

This is real people, launching real AI-powered coaching businesses,

charging \$49/month or more, and collecting payments while they sleep.

They didn't overthink it.

They didn't waste time asking, "Will this work?"

They just did it - and Conversly did the rest.

But here's what's most important right now:

💥 The price is rising (dime sale is LIVE)

💥 The bonuses are getting claimed FAST

💥 Once this hits capacity - it's done

You still have a chance - but not for long.

⇒Secure Conversly now before it slips through your fingers:

Remember, this isn't some "maybe next time" deal.

Conversly gives you an entire Duolingo-style platform, preloaded with AI avatars that coach in 99+ languages - no teaching, no talking, and no

time required.

Everything's done for you:

- ✓ Fully hosted
- ✓ Pre-designed
- ✓ Branded
- ✓ Payment-ready
- ✓ And built to make money on autopilot

All it takes is one move from you - and Conversely does the heavy lifting.

But every hour you wait, others are claiming the profits that could've been yours.

⇒Get in now, or regret it later:

Let's not let this be another "I should've..." moment.

Talk soon,

Follow-Up Email 4

Hey,

Let's be real - since Conversly went live, it's been a flood of signups, commissions, and success stories.

And while others have been locking in sales, launching AI coaching platforms, and stacking monthly payments...

You might still be thinking about it.

The truth?

Every minute you wait is another dollar left on the table.

Every hour that passes means another buyer joins someone else's link - not yours.

And every bonus grabbed is one less reason for your leads to say YES.

💰 People are literally launching language coaching platforms without speaking a word of a second language

💰 They're charging \$49/month (or more) - and keeping 100% of it

💰 They're using Conversly's built-in avatars to do all the teaching FOR them

No teaching. No talking. No experience. Just results. And here's what makes this even more urgent:

⌚ The price is rising with every sale (dime sale in effect)

⌚ Bonuses are almost gone - most are claimed

⌚ Once we hit full user capacity, the doors are closing for good

⇒ So if you haven't yet, grab your copy of Conversly NOW:

This isn't just a software. It's an automated education business in a box.

Something your subscribers will thank you for recommending.

Something YOU can profit from handsomely - starting today.

But only if you act before it's too late.

⇒Click, grab, and promote - while you still can:

Let's help more people build passive coaching businesses - and help you earn fat commissions while you're at it.

To your success,

Follow-Up Email 5

Hey,

This is it.

The final countdown for Conversly has started - and the window to start your own automated AI coaching business is closing very soon.

⇒Secure your Conversly platform and bonuses before they're all gone:

Imagine waking up tomorrow and realizing the price just went up, the bonuses are gone, and the doors are shut - with no way back in.

That means no Duolingo-style platform for your leads, no AI avatars coaching students 24/7 in any language, and no \$49/month or more coming into your bank account every month.

Right now:

⇒ Only a handful of spots remain before the launch closes

⇒ Bonuses that made this deal irresistible are nearly completely claimed

⇒ The price increases with every sale - this dime sale ends tonight

If you've been waiting for a sign, this is it.

You don't have to speak a single foreign language - Conversly's AI does the coaching for you.

No experience needed. No tech headaches.

Just a simple way to launch and scale a fully automated language coaching platform that brings in income on autopilot.

And the best part? You keep 100% of the profits.

But the clock is ticking;

If you don't act now, someone else will take your place and the opportunity will vanish.

⇒Secure your Conversly platform and bonuses before they're all gone:

Don't let this pass you by.

Remember, your leads want solutions that work. Conversly is that solution - it's ready, proven, and waiting for you to plug and play.

This is the moment where winners separate from watchers.

Be the winner. To your success,

Hey,

If you haven't jumped on Conversly yet, here's what you need to know:

People just like you are launching AI-powered language coaching platforms - and they're making real money.

Some of them don't even speak a second language!

They're simply leveraging Conversly's revolutionary AI avatars that coach students 24/7 in over 99 languages.

And guess what?

They're charging \$49 a month - or more - and keeping every penny.

That means recurring income that builds month after month, all on autopilot.

[⇒Click here to lock in your Conversly platform, pricing, and bonuses before it's too late:](#)

But here's the catch:

The clock is winding down fast.

The dime sale pricing is increasing with every purchase.

The exclusive bonuses that add huge value are almost completely claimed.

And the opportunity to jump in before this closes is disappearing by the minute.

Ask yourself - how much longer can you afford to watch others profit while you wait?

This isn't just about software. It's about starting a business that's ready to launch right now.

No experience. No teaching. No hassle. Just setup, and you're in business.

[⇒Click here to lock in your Conversly platform, pricing, and bonuses before it's too late:](#)

Imagine the regret of missing out on an AI business that coaches thousands, generates recurring revenue, and runs itself.

Don't let hesitation cost you this.

Your window is closing, and soon, it won't reopen.

To your unstoppable success,

Closing Email 2

Hey,

There's no sugarcoating it - the Conversly launch is closing very soon, and this is your final real chance to get in.

If you've been on the fence, now's the moment to step off and claim

your spot - because once the doors shut, this opportunity disappears.

Think about what this means:

No more launching your own AI coaching business that works in 99+ languages, no more earning \$49/month (or more) from students coached by AI avatars 24/7, and no more passive recurring income flowing into your bank account.

This is the moment where hesitation costs you - the people taking action today will be the ones cashing in tomorrow.

What will you tell yourself later when you see others growing their AI coaching platforms, building real businesses, and collecting profits - all while you missed out?

⇒Lock in your Conversly platform and bonuses before it's gone forever:

Here's what's at stake:

 The dime sale price is skyrocketing with every purchase - waiting means paying more

⚠️ The exclusive bonuses that simplify your success and maximize your earnings are nearly all claimed

⚠️ The launch will close for good and there will be no second chance

Conversly makes it shockingly easy to launch your own automated language coaching platform without speaking any languages yourself.

The AI avatars do all the teaching, coaching, and interaction for you - 24/7.

You decide the price.

You keep 100% of the profits.

No tech headaches. No ongoing fees.

Just set it and watch your business grow. If you want in, you need to move right now.

⇒ Lock in your Conversly platform and bonuses before it's gone forever:

If you wait too long, this opportunity will be gone - no exceptions.

Your future AI coaching business is on the line. The question is: Are you ready to take it?

Don't get left behind.

To your success,

Closing Email 3

Hey,

This is it.

The moment you've been waiting for - or the moment you'll regret missing forever.

Conversly closes tonight at 11:59 PM - and with it, your chance to launch a fully automated AI coaching platform in any language, without speaking a word yourself, disappears.

I can't stress enough how rare this opportunity is.

[⇒This is your final opportunity to get Conversly:](#)

We're talking about:

- ✓ Launching your own AI-driven language coaching business that works 24/7, 365 days a year
- ✓ Charging \$49 or more monthly, keeping 100% of the profits, no tech headaches
- ✓ Access to pre-built landing pages, automated hosting, payment gateway integrations, and smart AI monetization tools
- ✓ AI avatars that never sleep, never cancel, and coach thousands of students for you

And the best part?

You don't need to know any languages or be a teacher. The AI does all the heavy lifting.

[⇒This is your final opportunity to get Conversly:](#)

But here's the hard truth:

The doors close tonight, and after that, this exact offer - with its exclusive pricing and bonuses - will never return.

The dime sale price is climbing fast. The powerful bonuses that multiply your success are nearly all gone.

And the window to take your piece of this booming AI coaching market is about to slam shut.

Will you be one of the few who took action?

Or one of the many who watched this train leave the station?

Because once the clock strikes midnight, this offer ends. The platform, the bonuses, the price - all gone.

You owe it to yourself to seize this moment.

Imagine looking back months from now, watching others build automated AI coaching businesses and collect monthly recurring profits - all from a simple, done-for-you platform.

This isn't hype. It's a proven way to create a real income stream with ZERO experience, ZERO teaching, and ZERO ongoing effort.

⇒This is your final opportunity to get Conversly:

The choice is yours: take the leap now, or let this chance slip away forever.

Don't regret waiting.

To your unstoppable future,
