1. Welcome Members

2. [CSC Equity Audit](#)

The district aims to audit three systems this school year to ensure equity. One of these, the [CSC Equity Audit](#), will be conducted through a self-assessment to identify strengths and areas for improvement within DPS systems.

The results will help determine where additional resources and support are needed to strengthen CSCs across DPS.

We encourage all school leaders, principals, and CSC members to complete the self-assessment honestly. The assessment will be open **March 13 - April 30 and takes 5-10 minutes to complete.**
