SESC Online Training

Trauma Informed Care For Educators (TICE):
Basic Training (with Applications for Virtual Learning)

Welcome to a SESC Online Training!

This platform was designed so you can access content and learn anytime … personalized learning designed just for you! This training is designed to provide the content from the **TICE basic training modules along with considerations for adapting these concepts to virtual learning situations. The content includes...**

- **The Trauma Lens**
- **Trauma, the Brain and Relationships**
- **Replacing Cognitive Distortions**
- **Psychological Safety in the Classroom**
- **Resilience**

Objective: Is to support, with training, the understanding and implementation of trauma-informed approaches in school settings in accordance with the School Safety and Resiliency Act. Included within the School Safety and Resiliency Act trauma informed care teams must be formed by July 1, 2021. These teams also must establish a commitment to implementing and sustaining trauma-sensitive, trauma-responsive and trauma-informed practices and policies in both the content and delivery of educational, disciplinary and support services. (resource KDE Trauma-Informed Teams)

To earn 6 hours of PD/EILA credit, follow the 4 steps below!

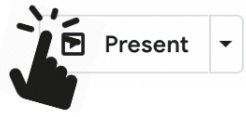

Step 1: Get organized!

Here are some tips before you begin…

- Decide if you want to do this training individually or with your Trauma Informed Care team. If working with your team, dedicate stopping points/discussion time for opportunities to plan out your action steps. Consider using a tool such as this template to help guide your efforts.

Step 2: How to "participate "

1. This series of modules was developed as a narrated slideshow. When you click the links below for each module, a Google Slide deck will open. Click on the "present" button at the upper right of your screen to get the slide deck started.

2. Complete all aspects of each slide. There are videos, articles and opportunities to reflect and discuss. There is narration on each slide. If the narration does not play you might have to advance to the next slide and back up to get it to start.

SESC Online Training

3. To receive PD/EILA credit, you will need to complete the Series Learning Check//post-test (Google Survey) to receive your PD/EILA certificate from SESC.
4. Once you are ready to begin the learning modules, just click on the links to the modules below.

TICE Learning Modules

- **The Trauma Lens (Module 1)** - (60-90 min)
- **Trauma, the Brain and Relationships (Module 2)** - (60-90 min)
- **Replacing Cognitive Distortions (Module 3)** - (30-45 min)
- **Psychological Safety in the Classroom (Module 4)** - (45-60 min)
- **Resilience (Module 5)** - (30-45 min)

Step 3: Deepen your understanding with these resources

Below are some additional resources that you may find helpful.

SESC's Website with TICE Resources
UK's Center on Trauma and Children
Trauma-Informed Teams (KDE)
SHAPE – School Health Assessment and Performance Evaluation

Step 4: Completion of Series Learning Check

Follow this link to complete the end of the training quiz. You can use your notes, and take the quiz as many times as you need to earn at least 80%. After your quiz has been reviewed, you will receive your personalized PD certificate by email.

Questions?

Contact us at dusty.phelps@sesccoop.org if you run into any questions or haven't gotten your certificate by email (inbox, junk, or clutter) in 24 hours. ***If you'd like to dive into another SESC training, go to our training website at https://sites.google.com/sesccoop.org/sesccoop/home***.
